

SPANISH INFLUENZA RAGES IN CANADA

Thousands of Cases Reported With Many Deaths.

THOSE WHO ARE MOST SUSCEPTIBLE TO IT

"FRUIT-A-TIVES"—The Wonderful Fruit Medicine—Gives the Power To Resist This Disease.

The epidemic of Spanish Influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported; Surgeon-General Blue of the United States Public Health Service having stated that "Spanish Influenza will probably spread all over the country in six weeks".

Practically every ship which touches our shores from abroad, brings those infected with the disease.

Surgeon-General Blue urges that "the individual take all the precautions he can against contracting the disease by care and personal hygiene". Plenty of exercise should be taken; the diet should be regulated, etc.

Spanish Influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, work or worry, especially those who are "run-down" or "not feeling up to the mark."

The really great danger from the disease is not so much in the disease itself, as that it often develops into pneumonia.

What everyone needs now is a general tonic like "Fruit-a-tives". This wonderful fruit medicine is not a germ-killer. It is a body-builder; a strength-maker; a blood-purifier; a power in protecting against the ravages of disease.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and purifies and enriches the blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, insuring food being properly digested and assimilated.

Everyone can take ordinary precautions, avoid crowded places, and use "Fruit-a-tives" regularly to insure sound digestion, to keep the bowels and kidneys regular and the whole system in the best possible condition. Then we are safe from disease.

"Fruit-a-tives" is sold by dealers everywhere at 50c a box, 6 for \$2.50, trial size 25c or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

MANY PUBLICATIONS ARE SUPPRESSED

Reasons Given in Each Case for Action of Government; Some Are Revolutionary.

Warrants have been issued by the Secretary of State under the Consolidated Orders Respecting Censorship forbidding the possession in Canada of the following publications:

1. A pamphlet entitled "Political Parties in Russia," by Nicholas Lenin, published by the Socialist Publication Society, 119 Lafayette Street, New York.
 2. A post-card entitled "After War" issued by the International Socialist Review, 118 West Kinzie Street, Chicago.
 3. "The World Tomorrow," a magazine published monthly by the Fellowship Press, Inc., 118 West 28th Street, New York.
 4. "The Canadian Forward," a publication published twice a month at 397 Spadina Avenue Toronto, and edited by I. Bainbridge.
 5. "Rabotnicheska Prosveta," a publication issued weekly in the Bulgarian language at Granite City in the state of Illinois.
 6. All publications, journals, circulars, leaflets, and other printed matter issued by or for the purpose of or in the interests of the body known as the Industrial Workers of the World.
- The objection to the book entitled "Political Parties in Russia" is that it advocates international revolution and contains false and misleading statements as to the causes and operations of the war.
- The post-card "After War" contained a picture of the most gruesome and revolting character, calculated and doubtless intended to arouse opposition to the continuance of the war.
- The publication "The World Tomorrow" contains matter of a most pronounced pacifist character and denouncing war as altogether unjustified, whatever the causes.
- "The Canadian Forward" has persisted in publishing false and misleading statements as to the causes and operations of the war and matter intended to divide the people of Canada and to create dissension and disaffection.
- "Rabotnicheska Prosveta" is an extreme Socialist publication that publishes false and misleading statements as to the causes and operations of the war.

ALL SPANISH INFLUENZA CASES HAVE RECOVERED

The press reports several hundred thousand cases of Spanish influenza in the Argentine, South America, and not a single death.

Cinchona Tree Bark, a powerful tonic from which Quinine is extracted, macerated in wine, is their Great Remedy for Influenza.

If the people only knew that the principal ingredient in KENNEDY'S TONIC PORT was this same Cinchona Tree Bark macerated in pure wine, thereby assimilating all the various quinine alkaloids, there would be very little, if any, of the Spanish Influenza in Canada today as the quinine alkaloids in KENNEDY'S TONIC PORT are three to five times more effective than ordinary capsule quinine.

Owing to its powerful reconstituent and blood-making properties, it gives to weakened, run-down people the very support and strength needed. It is the most efficient general tonic and builder of body tissues you can possibly use.

Drug Stores Sell It.

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

Canada Food Board License 14-156

You Never Know What A Man Will Do

Mrs. Williams has been using Pacific Milk for cooking a long long time. Her husband got to using it in his morning coffee so they never buy fresh milk any more.

The other evening Mrs. W. bought some fresh cream to give him a treat (as she thought) with his porridge and to use with his coffee.

However, Mr. Williams didn't see it that way and when he discovered it was a different cream in the pitcher, he asked for the same as he'd been getting every morning—couldn't drink his coffee with the other "stuff."
