DRUNKEN DRIVERS

Vancouver is about to make war on drunken drivers. In that they will receive the backing of the public. The hour, 21 minutes, 3 seconds. 7 same would be true in Prince Rupert. A number of persons who had caused damage as a result of driving when 1 intoxicated have been charged with some lesser offence points. because of the difficulty of proving that a man is intoxicated. If all were given a chemical test it would easily points. solve the problem. The test should be given whether the suspected person wishes it or not.

INTEREST IN HIGHWAY

Evidently there is greater interest being taken in the seconds, 3 points. highway leading out of Prince Rupert than has been taken for many years. It is reasonable to expect that this 1 highway should be built soon. If it is desirable for the points. safety of the United States that a highway be built to Alaska, it surely should be desirable to Canada that a highway be built to Prince Rupert. The authorities seem to be awakening to this fact and the result should be benefic- attempt with the Rupertia, purial to this city.

OTHER CITIES TOO

Prince Rupert is not the only place where it is diffi- will undoubtedly do much better cult to get huge crowds out regularly to watch sports or in the next attempt. games. The Sentinel of Kamloops complains that no longer do the people turn out in large numbers as they Keep up to date. Advertise reguonce did. Instead of sitting in the sun and broiling and larly. waiting long periods while the races are organized, they now jump into the family car and go off to some quiet spot and have a family picnic beneath the shade of trees and perhaps by the side of a beautiful stream.

Sports and games have their places and we should do all we can to encourage them but times are different from what they were a generation ago and we all change with the times.

This week there is a sports program at the waterfront and we suggest that this is a good occasion to sec something worth while in the way of sports events if we can believe the promoters. Everyone should see the regatta on Thursday afternoon.

NEW AND BETTER

For the Halibut and Samon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
