DAILY EDITION. THURSDAY, FEB. 8

PROPORTIONAL PARLIAMENTARY REPRESENTATION.

Detailed returns of the vote throughout the Dominion at the last federal election shows, in the opinion of the Toronto Star and other newspapers, the unfairness of the present system of representation. It is pointed out that the Conservatives received 51 per cent. of the popular vote, but have 61 per cent. of the representation in the House. This is not an unusual state of affairs. In the last Parliament the Liberals had a large majority in the House, though receiving but a trifle more than half of the popular vote.

That there is a real injustice in the present system of representation is more apparent in the results in the provinces. In this province the Conservatives polled 61 per cent. of the vote and have 100 per cent. of the representation. So that although the unit of representation in all of Canada was 6,000 voters to one member, sixteen thousand Liberals in this province have no voice in Dominion affairs and are practically disenfranchised. It is therefore high time that a convention of the Liberals of the whole province should be called and one has been called to meet in Vancouver on the 29th of this month.

The Daily Albertan points out that the Liberals of that province, however, polled 55 per cent. of the popular vote and have 86 per cent. of the representation. Nearly thirty thousand electors voted Conservative and have one member in the House. On the other hand, thirty-seven thousand voted Liberal and have six members in the House, an average of one member for 6,000 Liberal voters.

The same inequalities in representation appear in all of the provinces. In Ontario the Conservatives received 56 per cent. of the popular vote and have 84 per cent. of the representation. In Saskatchewan, on the other hand, the Liberals polled 60 per cent. of the popular vote and have 90 per cent. of the representation.

PRINCE ARTHUR OF CONNAUGHT

Interesting Rumor Regarding the Engagement of Son of Present Governor General of Canada—Pretty Russian Princess in It. (Canadian Press Despatch.)

London, Feb. 2.—An interesting report current is that Prince Arthur of Connaught, son of the Duke of Connaught, the newly commissioned Governor General of Canada, is engaged to marry Princess Irene, daughter of the Grand Duchess Xenia-Alexandrovna, who is a sister of the Tsar.

Prince Arthur of Connaught has just celebrated his twentieth birthday. During the absence of the King in India and of the Duke in America, the handsome young prince has been the only adult male member of the royal family left in England and has been called jokingly the "acting king."

Prince Arthur is the tallest member of the royal family, as well as the handsomest, and one might almost say except for lese majeste, the most popular with the people. As a sportsman and an athlete and a hunter of big game he has won golden opinions in Canada, Africa and Russia, as well as at home, and in the Canadian Dominion especially he has made myriads of friends. Democratic in tastes, he puts on no "side" as a scion of royalty. As a boy his greatest ambition was to become a watchmaker—an ambition which, of course, did not

LAND LEASE NOTICE

Skeena Land District—District of Coast Range 5
Take notice that I, Alfred Christian Garde of Prince Rupert, B.C., occupation mining engineer, intend to apply for permission to lease 70 acres of land described as follows:
Commencing at a post planted 1-4 mile east of the Tye Station, G.T.P.R., and approximately 27-1/4 miles east of Prince Rupert, thence north 40 chains, thence east 20 chains, thence south 25 chains (more or less) to railway grade, thence westerly 25 chains (more or less) following said grade to point of commencement, and containing 70 acres more or less.
Date Jan. 31, 1911.
ALFRED CHRISTIAN GARDE
Pub. Dec. 3, 1911.

LAND PURCHASE NOTICE

Skeena Land District—District of Coast Range 5
Take notice that I, Abraham H. Barber, of Prince Rupert, B. C., occupation miner, intend to apply for permission to purchase the following described lands:
Commencing at a post planted at the southwest corner of a small island about twenty-five (25) chains north and two (2) chains east of the northwest corner of Lot 1323, Range 5, Coast District, Porcher Island, thence following the shore line in a northeasterly direction about twenty (20) chains to the north end of the island, thence in a southwesterly direction along the shore line about twenty (20) chains to the point of commencement, being an island containing about forty (40) acres, more or less.
ABRAHAM H. BARBER.
Dated Dec. 5th, 1911.
Pub. Dec. 13, 1911.

LAND PURCHASE NOTICE

Skeena Land District—District of Coast Range 5
Take notice that I, Paul Curtiss, clerk of Victoria, intend to apply for permission to purchase the following described lands:
Commencing at a post planted on the east boundary and about five (5) chains from the southeast corner of Lot 4484, thence north 60 chains, thence east 30 chains, thence south 60 chains, thence west 30 chains to point of commencement, containing 180 acres, more or less.
PAUL CURTISS.
Fred E. Cowell, Agent.

Take notice that Frank Furey, of Seattle, Wash., occupation miner, intends to apply for permission to purchase the following described lands:
Commencing at a post planted at the southwest corner of Lot 4484, thence south 40 chains, thence west 40 chains, thence north 40 chains, thence east 40 chains to point of commencement, containing 160 acres, more or less.
FRANK FUREY.
H. P. Rutter, Agent.
Dated Oct. 31, 1911.
Pub. Dec. 14, 1911.

IRELAND'S RECORD SHIPBUILDING YEAR

The year 1911 was a record year for shipbuilding in Belfast. Belfast has but two shipbuilding yards, but these are among the largest and most highly equipped in the United Kingdom, and find employment for 25,000 men. The total tonnage of shipbuilding launched on the Lagan was 184,608 tons—a record for Belfast—representing twenty vessels, compared with sixteen vessels and a combined tonnage of 165,864 in 1910. Of a year's output Messrs. Harland & Wolff are responsible for ten steamers, with a tonnage of 118,209, and Messrs. Workman, Clark & Co. for ten with a tonnage of 66,399. The vessels launched by Harland & Wolff include the White Star liner Titanic, not yet completed, which alone has a tonnage of 46,000, and more than half the total indicated horse power (51,500). The next largest vessel was the Arlanza, a 15,000 ton ship, with four cylinder, triple balanced reciprocating and turbine engines on the same principle as the Titanic.

It's Waving All Right.

The flag that braved a thousand years the battle and the breeze
Is waving right in Canada as airy as you please;
But if you'd know what waves more free from B. C. to Quebec,
It is the axe Grit officers are getting in the neck.

Australian Government Curing Drink Habit Adopts Famous NEAL CURE
Sending Sunshine and Happiness Into Hundreds of Darkened Homes Instead of Inflicting Fines or Prison Cells Upon Her Unfortunate Citizens
The government of South Australia has set an example worthy of imitation by the other nations of the world. Owing to the extent, enormity and the awful consequences of the drink habit, they have for years past been investigating its cause, effect, treatment and possible cure.
In the year 1910 Rev. A. C. Rankine, commissioned by that government, visited the United States, and after a thorough investigation of drink habit treatments, returned to his government last September and gave a detailed and lengthy report recommending the adoption of the NEAL THREE-DAY DRINK HABIT CURE. The government of South Australia adopted his report, and established the cure in a large government sanatorium, where those addicted to the drink habit are treated at government expense, instead of being fined or sent to prison cells.
During the first ninety days 183 persons so affected were perfectly cured by the Neal treatment at government expense and restored to citizenship. In addition to this, reports show that more than double that number availed themselves of the Neal treatment in private sanatoriums in Australia.
Scientific research and investigation of the centuries has recently culminated in the establishment of the fact that the drink habit, so called, is caused by the poison of alcohol, and that the man or woman thus afflicted is as much in need of and must have medical help as if suffering from typhoid fever or other serious ailment. Dr. Neal has solved this problem. He has not only demonstrated the cause, but he has found the drug which antidotes this poison, and combining same with other well known neutralizing and eliminating drugs, he has originated the Neal treatment, which, in thousands of cases, has perfected absolute and satisfactory cures in the short space of time of only three days.
The Vancouver Neal Institute is one of the many that is carrying on the good work, and grateful patients every day attest to the efficiency of the Neal Treatment.
If in need of help yourself or if you have a friend who is losing his grip write for booklet giving full information.

No Man Need Use Poor Printing Unless He is Willing and Satisfied to Do So...
The man who is able to buy any kind of printing is able to buy good printing. If he uses anything else it indicates to people who see it that he doesn't care.
Most people would prefer a man's general character and personality to be in keeping with his printing—so it is disastrous not to care about your printing.
