WELL DONE, UNIONS!

All the Canadian labor unions have, through their executives, expressed their desire to co-operate in winning the war. Last week it was announced that the All-Canadian Congress of Labor, the Canadian Federation of Labor, and the Trades and Labor Congress of Canada would cooperate to prevent labor disputes. Now the Trades and Labor Congress goes on record as pledging unwavering support to Great Britain and Canada in its war efforts.

The stand of the unions is splendid. It indicates that this is no capitalist war but a war for the suppression of obvious efforts to enslave the world.

ADOLF'S OPINION

The opinion of Adolf Hitler, expressed in his book "Mein Kampf," contrasts with his recent action in making an alliance with Russia. Here is what he says:

"We must never forget that the regents of present day Russia are common bloodstained criminals; that here is the scum of humanity, which, favored by conditions in a tragic hour, overran a great state, butchered and rooted out millions of its leading intellects with savage bloodthirstiness and for nearly ten years has exercised the most frightful regime of tyranny of all time. Nor must we forget that these rulers belong to a nation which combines a rare mixture of bestial horror with an inconceivable gift of lying and today more than ever before believes itself. called upon to impose its bloody oppression on the whole

And again: "Germany is today the great battle aim of Bolshevism. It requires all the force of a young missionary idea once again to inspire our nation to break out of the snare of this international snake and internally to check the tainting of our blood, etc. . . . How shall we reveal Bolshevism to the individual German worker as an accursed crime against humanity if we ally ourselves with the organizations of this spawn of hell and thus recognize it as a whole."
