### THE PERFECT GOVERNMENT

Almost every system of government is perfect unti it has been tried. Unfortunately, in this imperfect work there never will be a perfect system. One of the latest "perfect" systems is that put forward by Father William E. Riker of Holy City, California. It is guaranteed to Gyro Club Wins bring heaven upon earth, to use the wealth without robbing the rich, to forever do away with depression, to make Over Electrical kings and queens out of all Jews and gentiles of sane! mind and to turn the United States into paradise. It will Workers In Bowls eliminate graft and crime, rid the country of strikes, persecutions and all other disgraces, eliminate wars, controll the capitalistic system and defend it for the good of all Bowling League fixture yesterday concerned, abolish property taxation, provide free in- which had no important bearing surance and, finally, bring all under the white man's flag on the league standing, Gyro Club where the white man will straighten out, harmonize and defeated Electrical Workers by two rule the world. On the basis of this platform, including games to one. The Gyro Club is in much more that has not been said here, Father Riker is the Electrical Workers are tied asking the people of California to choose him as governor of the state.

## ANOTHER CANADIAN DIPLOMAT

Sir Maurice Peterson, son of Sir William Peterson of McGill University, is the new British Ambassador to Spain, representing Great Britain at the government of General Francisco Franco. He is a Canadian with a distinguished career as a diplomat. He takes this very important position because of his ability to handle difficult situations.

## A SOVIET JOKER

Evidently Stalin, the dictator of Russia, is somethin of a humorist. At the end of last week he formally with drew from the non-intervention commission. Most of the rest of the world had forgotten there was a non-interven New Track Record for Santa Anita tion commission and we all thought the members themselves had forgotten that they were supposed to function
