ROAST TURKEY

Wash turkey after it has been drawn. Rinse and dry well. Rub inside of bird with salt or piece of lemon before adding the dressing. Allow three-quarters cup dressing to each pound of turkey. Pack dressing loosely into the body and neck of the turkey. Sew up openings. Truss bird by turning tops of wings under back and pressing legs close back against body. Hold in place by inserting one skewer under wings and another under legs. Then tie turkey in shape with cord, fastening it to skewers. Rub the bird with fat and place on rack or crossed skewers in roasting pan. Roast at a temperature of 300 to 350 degrees F., allowing 20 minutes per pound. Baste turkey with mixture of fat and hot water (one-quarter cup fat to 1 cup water) every 30 minutes.

Turkey Dressing

2 cups soft stale bread crumbs
½ lb. sausage meat, cut in pieces
1 tablespoon savory
2 tablespoons minced onion
1½ teaspoons salt
¼ teaspoon pepper
½ cup melted butter
1 egg well beaten

Mix crumbs with sausage and seasonings. Add melted butter and beaten egg.
