Fisheries Research Board Sub-Executive to Meet Here—Amur Due Here Soon to Load Consolidated Assay Plant

The Pacific sub-executive of the Fisheries Research Board of Canada will meet in Prince Rupert on August 30 and 31. Coming to the city for the meetings will be Dr. A. T. Cameron of Winnipeg, chairman of the Fisheries Research Board of Canada; Dr. A. H. Hutchison of the University of British Columbia, Vancouver, and R. E. Walker of New Westminster, new member of the board replacing the late R. R. Payne. John Dybhavn of this city is also a member of the sub-executive. Also attending the sessions will be Dr. W. A. Clemens, director of Nanaimo Biological Station, and Dr. N. M. Carter, director of the Prince Rupert Fisheries Experimental Station.

No boats being in with catches, there was no sale of halibut on the local Fish Exchange this morning.

The Indian Department cruiser Naskeena left at noon today for Aiyansh on the Naas River with Indian Agent James Gillett on board. On the way back Kincolith and Port Simpson will be visited and Mr. Gillett expects to be back in Prince Rupert about next Monday evening.

Twenty-six vessels of the Seattle halibut fleet have now gone albacore fishing off the Washington and Oregon coast and more are expected to follow. Sebastion, San Juan, Whiz and Washington buying companies at Seattle are all in the market for albacore now. Some of the fish will be shipped to southern California. Much of it will be canned. Only one halibut vessel sold a catch at Seattle yesterday, this being the Ionic which disposed of 25,000 pounds from the western banks to Whiz at 12¾c and 11c.

Coastwise Steamship & Barge Co.'s freighter Amur, which had been expected here earlier this month, is now reported due in Prince Rupert August 24 to load the assay plant equipment of the Consolidated Mining & Smelting Co. which is being removed from Prince Rupert to Trail. The shipment will be handled over the government wharf and will be taken to Vancouver where it will be transshipped by rail.

There were 228 passengers, the large majority being round trip tourists returning south, aboard the steamer Princess Louise which was in port yesterday afternoon southbound from Skagway to Vancouver. Three persons disembarked from the vessel here while four boarded her here for Vancouver.

AIR FILM DRAMATIC

"Wings of the Navy" is Feature Picture Tonight and Tomorrow At Capitol Theatre

"Wings of the Navy," one of a series of successful "service" pictures which have been turned out recently, comes to the screen of the Capitol Theatre here tonight and tomorrow. Laid against a background of naval aviation, it is a story of the spirit and traditions of the aerial division of guardians of sea and coastline. The tale is built around two naval flyers, played by George Brent and John Payne, who are sons of a pioneer naval flying officer who died in the line of duty. Brent, the elder, is a steady-going instructor at a navy school for fliers. Bayne is a more daring type who is unselfishly devoted to his brother. There is a romantic situation involving Olivia de Havilland which threatens for a time dissension between the two brothers but which ends up with a noble climax. Other important members of the cast are Frank McHugh, Henry O'Neill, Victor Jory and Regis Toomey.

The other feature of the double bill program is a gay and whimsical romatic comedy "The Girl Downstairs," featuring Franchot Tone and Franciska Gaal with Walter Connolly, Rita Johnson, Reginald Owen and Franklin Pangborn.

Five thousand Prince Rupert people read the Daily News. It pays to let them know what you have to sell.

Girls' Softball Game Rained Out

Seemingly headed for victory, Annette's were robbed by the Weather Man in last night's Ladies' League Softball game. The count was 7 to 1 for Annette's over Grottettes when Jupiter Pluvius turned on the tap and the girls abandoned their bats for umbrellas. This was in the fourth inning after the ladies had put up an interesting display.

James Forman will leave on tomorrow morning's train for a trip to Edmonton and Vancouver. Mrs. Forman and family, who have been visiting in Vancouver, will accompany him on his return.

Personal Loans

When financial problems arise through sickness, unforeseen emergencies and similar causes, a personal loan with the bank often presents an immediate and sensible solution. Such a loan, well within the borrower's ability to repay, may also be used on occasion to consolidate a number of small bothersome debts, to the borrower's greater peace of mind.

Your local manager welcomes enquiries from responsible men and women, able to repay out of income — in convenient monthly instalments if necessary — and will be glad to explain the terms and conditions under which these loans are made.
