BRITAIN AND THE SOVIET

Great Britain and Soviet Russia are much closer together today than they have been for years. For several ens, inner left; Helge Holkestad, season, is now back in town for weeks they have been trying to negotiate a mutual aid left wing. pact but Russia claims that Britain is holding back while! expecting everything. Naturally there are difficulties in the way in a matter of this kind, especially when the nact has to satisfy a number of other countries besides Britain. Some of these countries are less favorably disposed to the Soviet than Britain as they have old prejudices to live! down. We can be sure that the British government is doing all it can to make an effective pact and even, without the pact, there should be no difficulty in getting together in case Germany decided on a forward movement in East-! ern Europe. The help of Britain would be of great value! to the Soviet in case of war. We shall all feel a little happier once such a pact is concluded so we look forward to the time when the two governments concerned will find themselves in accord on international questions.

RECORD OF ACHIEVEMENT

A. McKim, Limited, one of the leading advertising agencies in Canada with headquarters in Montreal, is this year celebrating its fiftieth year in business. This firm! does a large business with all daily newspapers and prepares advertising for many leading firms including the Imperial Tobacco Company. It has interested English firms in the Canadian market and, while making money for itself, has been an important factor in nation building. We are glad to congratulate this firm on completing its first fifty years of business under such auspicious circumstances with a steady increase of activity.

CITIZENSHIP NO PROTECTION

People of foreign birth who abuse their citizenship by taking part in subversive or objectionable propaganda in Canada will no longer be able to hide behind their citizenship in future. They may have it cancelled and that would leave them liable to deportation. It is a drastic law but, in view of certain objectionable activities in this country, it is necessary. When other countries encourage their former citizens to ignore their oath of citizenship it is time for Canadians to protect themselves by making it possible to get rid of those who circulate objectionable; propaganda.

Hazelton, in the baseball series won in the final by eleven runs to ten and carried off the second silver cup. This game, against Cedarvale, was an excellent one, and roused the enthusiasm of the many spectators. Outstanding players for the winners were Neil Sterritt and Charlie Smith.

In the softball final, the Kitwanga native girls, for whom Marjorie Shearman played, met Cedarvale and ran out splendid winners by twenty-two to fourteen.

For the Kitwanga team Marjorie Shearman and Margaret Wells hit home runs. Esther Johnson pitched through nine innings without a rest and was most consistent and baffling with her "slows" and "fasts." Fanny Muldoe St. Louis
