You run your thumbnail through the excise stamp which seals a package of cigarettes or pipe tobacco. It is a simple action - much easier than filling out tax forms and writing cheques! Nevertheless, you are helping to support post offices, government railways, waterways, trade commissioners and all the other services of our Federal Government . . . for you have paid a tax.

Every working morning, tobacco manufacturers buy excise stamps as you buy postage stamps. They affix one to every single package of cigars, pipe tobaccos, cigarettes (the direct tax on a 25c package of 25 cigarettes is 11.4c). By doing so, with no trouble to the taxpayer, without risk and at practically no cost to the government, in the 1937 fiscal year the tobacco industry collected \$32,972,373 in excise duties alone.
