TRY IT THE "SALADA" WAY

Infuse 6 heaping teaspoons of Salada Black Tea in a pint of fresh, boiling water. After 6 minutes strain liquid into 2-quart container; while hot, add 1 to 1½ cups of sugar and juice of 2 lemons, strained; stir until sugar is dissolved; fill container with cold water. Do not allow tea to cool before adding cold water or liquid will become cloudy. Serve with chipped ice. The above makes 7 tall glasses.

BOY SCOUTS TO PORCHER

Lads Leave This Morning For Oval Bay To Go Into Ten Day Camp

A happy band of Boy Scouts set out today for a ten day camp at Oval Bay, Porcher Island. The Prince Rupert Yacht Club presented a very busy scene for two hours while the Northern Cross went lower down in the water as all the tents, cooking utensils, food, personal effects and the Scouts were put aboard.

Those going this morning included David Carter, Marvin Caravan, George Hankinson, Howard Hougan, Leo Micholuk, Hemsby King and Clifford Wanamaker of the First Prince Rupert Troop, with Scoutmaster E. R. M. Yerburgh in charge, and Steinor Antonson Masaaki Hinada, Terence Parsons, Arnie Sorensen, Oly Slatta, Oly Sorensen and Shigimi Uagasui of the Second Prince Rupert (Canadian Legion) Troop. The advance party, which left Monday morning, included John Davey, Harold Nordan, John Moore and Sandy Storrie with Scoutmaster the Rev. R. C. H. Durnford in charge.

On Saturday the Assistant Scoutmasters of the two troops hope to visit the camp, returning Sunday evening.

The camp is scheduled to break up on July 8 and the Scouts are to be back in time for supper that day.

NEW AND BETTER

COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system.
Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
