Kitzegukla Boy Died Last Week

Perry Russell, Aged Six, Passed Away Last Night

KITZEGUKLA, March 29:—Perry Russell, six year old son of Mr. and Mrs. L. Russel, passed away in the Hazelton Hospital, after a brief illness last Tuesday and the body was brought home on the afternoon train.

On Saturday a community funeral service was held in the Salvation Army Hall under the leadership of Captain J. H. Johnson. Two Hymns were sung by the congregation: "There is a Home," and "There is a Better World They Say," with Bert Russell, the boy's uncle, at the organ. During the service the school girls sang "Safe in the Arms of Jesus" with Mrs. W. D. Wesley conducting them. An address was delivered by Peter Mark on "Jesus at the Tomb of Lazarus" and Chief James Weget opened and closed the service with prayer. Rev. Bishop Black of the United Church also led in prayer in the English. Otherwise the whole service was in the native language.

The procession was led by the local brass band which played a number of marches, both outside the church and at the graveside.

At the graveside a short service was held by Rev. B. Black who committed the body to rest in the earth. A beautiful display of flowers adorned the top of the casket. Donors included local and outside friends.

Both the Russell brothers have many friends. Some came from other districts to attend the services.

Movement of halibut vessels out of this port on their first trips of the season to Area No. 2 will commence tomorrow when vessels with names commencing the last quarter of the alphabet will start moving out. So far only two local boats have got away—the Takla and Sea Maid, destined for Area No. 3 The Seattle boat Pierce, which has been here for the past few days, left today.

W. M. Cameron of the staff of the Pacific Biological Station, Nanaimo, is at present on McClinton Creek in Massett Inlet, Queen Charlotte Islands, supervising the counting of the seaward migrating pink salmon fry which have resulted from the spawning run of 1938. During the spring a relatively large number will be marked by the removal of both pelvic fins in order to trace their return as adults. During the time from last autumn until the present the spawning beds have been examined periodically and estimates made of the losses which occurred in the various stages of incubation and early fry migration. The findings in this connection will serve as a basis for allocation of the loss of approximately ninety per cent which is known to take place before the fry reach salt water.

C.N.R. steamer Prince Rupert, Capt. H. E. Nedden, arrived in port on time at 10 o'clock this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening southbound. The vessel brought in a fair-sized list of passengers.

COMPARISONS ODOROUS

STAFORD, Ont., March 29: (CP)—Tamed from its firth to sup from a saucer with the family cat, a skunk now growing up and returning to type is giving a Downie township farmer some concern. He wants to persuade the animal to move out, without personalities.

ONE DOWN, TWO TO GO FOR QUINTS

Football has attracted two new players in the form of Marie and Emilie Dionne. The two little girls have entered into the sport of the game and above we see Emilie down after a "heavy" tackle from Marie. There's no sign of a fumble, but perhaps the referee should look into the matter of that extra ball.

Young Actress Is Near Death

Delia Bogard Has Skull Fractured By Attacker When She Screamed

HOLLYWOOD, March 29: (CP)—The dark-haired juvenile screen actress, Delia Bogard, aged seventeen, is near death. Her skull was, apparently, fractured by an attacker who struck her with a piece of timber and fled when she screamed.

WANTS HOME SAFETY

RENFREW, Ont., March 29: (CP)—Having fallen on his icy verandah steps, breaking two ribs, and slipped down stairs, bruising hip and head, M. T. Duggan, a member of the Industrial Accident Prevention Association, says what he wants now is a "home accident prevention association."

PROPHESIES FULFILLED

Palestine Enacting Today What Was Forecast in Bible Thousands of Years Ago

Evangelist John E. Barnes, speaking at the Pentecostal Tabernacle last night, revealed to a congregation of over eighty people some astonishing facts concerning Palestine and its resuscitation after a period of many generations. He declared the fulfilment of prophecy, as stated in the Scriptures, with such amazing precision should set the whole world thinking, especially the agnostics and atheists.

More than 2500 years ago Isaiah, the prophet, gave a graphic picture exactly of what was taking place today in Palestine. He said: "They shall build the old wastes, they shall raise up the former desolations, and they shall repair the waste cities, the desolations of many generations."

Since Great Britain was given the mandate over the land to make it a national home for the Jews, a rapid and remarkable transformation had taken place. Jews were returning in steady streams to the land and buildings of magnificent types were going up everywhere. New cities were being formed and the land of waste was now astounding the whole world with its beautiful orange groves and other luscious fruits, producing 25,000,000 cases in the year 1938.

Ezekiel stated: "This land that was desolate is become like the Garden of Eden; and the waste and desolate and ruined cities are become fenced and are inhabited." About a half a million Jews were back on their land.

The prophecy found in Isaiah that "Every valley shall be exalted and every mountain and hill be made low; and the crooked shall be made straight and the rough places plain," was fulfilled when General Allenby's army of 96,000 drove the Turks out of Palestine in 1917. In order that his army could advance up from the south towards their objective, Jerusalem, it was essential to bring the waters from the Nile through a 12-inch pipe along with them as they advanced and, in order to do so, Arabs were employed to level down the hills and fill up the valleys, laying the pipe line in a straight course towards the capital city. This became the road of advance in addition, doing away with the old crooked paths which wound around the hills.

Upon arrival at the outskirts of the city the "Lion and the young Lion," for Britain and her colonies were represented in that army corps, they sent squadrons of aeroplanes to fly low over the city without dropping any bombs or firing a shot, the effect was almost instantaneous and a fear entered the hearts of the defenders—the Turks, who hastily forsook their stronghold.

It was remarkable that the celebration of this victory was prophesied in Isaiah and the importance of it was to be announced to the world. The prophet said: "All ye inhabitants of the world and dwellers on the earth see ye when he lifteth up an ensign on the monutains; and when he bloweth a trumpet, hear ye." This was literally fulfilled in 1923 when the ancient flag of Judah was "lifted up" or raised to the top of the mast on the old tower of David in Jerusalem and the ram's horn was blown before a great crowd.

Most wonderfully nad Scriptural prophecies been recently fulfilled, stated Evangelist Barnes, for, at a cost of five hundred million dollars, great pipe lines from the oil wells of Iraq to Haifa and Tripoli, over eleven hundred miles in length, with a capacity of four hundred million tons of petroleum oil, were being laid and officially opened in January 1935. Nine thousand men were employed for eighteen months on what is known as the most costly single work ever constructed in the world. The prophecy was literally fulfilled therefore as the pipe containing the precious oil lay buried in the sands, as described by Moses, and also at the port of Haifa, at the terminal of the pipe line, this foot-shaped piece of land allotted to the tribe of Asher. The oil was transferred to the tankers awaiting to distribute the same to the various ports of Europe. Truly Asher "dipped his foot in oil."
