

A grand tobacco, this Old Virginia Fine Cut! It snuggles neatly down on the paper, rolling smooth, evenly filled

cigarettes without a bit of waste—and they taste better. The seal-tight pouch is practically a "pocket humidor"—it keeps your Old Virginia just right for rolling your own. And you can tuck a double automatic book of "Vogue" or "Chantecler" papers right into the pouch.

#### Compromise Issue Is Facing Church

Fundamental Teachings of Bible Being Endangered, Declares Army Commandant

A crowd which well filled the Citadel gathered for the Sunday evening service at the Salvation Army. Captain Ivan Halsey, local commandant, delivered an address on the subject: "The Church of God at the Crossroads." He intimated that the Christian church was facing today the greatest question in its history.

"The question of compromise," the speaker said, "is one that is confronting all religious bodies in the present age." In a material sense the spirit of compromise had crept in by letting down the barriers to such things as dancing. card parties, theatre going, etc. Also, spiritually, many were taking a stand that greatly endangered the fundamental teachings of the Bible. In order not to offend attendants at the services, there was weakening and compromise.

"There are certain fundamentals which, if taken away from us, would make the church void and of no effect. Some of these are the teaching of the authenticity of the Scriptures, the truth regarding the creation of man, the Virgin Birth of Christ, the Divinity of Christ, to a completed airplane have been the Blood of Christ, the second coming of Christ."

Huge machines are in place. One There was singing by the congre-IS FACED machine, a jib-boring unit, is cap- gation and vocal duets were rention within an area of three to Ruth Jones and Captain Halsey. four feet to the accuracy of one At the close of the service one soul

AIR FILM IN COLOR

Cavalcade of Aviation Seen In "Men With Wings" at Capitol Theatre

First air epic ever to be filmed in technicolor, "Men With Wings" comes as the first of the week feature offering to the screen of the Capitol Theatre here. Fred MacMurray, Ray Milland and Louise Campbell head the cast of the thrilling romance of three young American pioneers of the air who lived during the years the flight of the Wright brothers at Kitty Hawk in 1903 to the lightning round-the-world hops of the present day. Therefore, the story is a virtual cavalcade of man's progress in the air. Even the love of the principals for each other ranks second to their love of flying.

Miss Campbell, in love with both men, must choose between the romantic, dare-devil swashbuckler of the air. MacMurray, and the courageous pioneer builder of planes, Milland. In her decision is bound up the future of aviation's, progress for many years.

The various events and developments of the several eras of the thirty-five years covered in the story bring new heartaches and new triumphs for the trio and the picture is not without its thrilling sequences and passages of drama.

Andy Devine and Walter Abel are important members of the supporting cast of "Men With, Wings."
