Attempt To Shoot Duchess Of Kent: Australian With Sawed Off Shotgun Is Under Arrest

LONDON, June 6: (CP)—An attempt was made last night to shoot the Duchess of Kent as she left her fashionable Belgrave Square home to attend a

theatre. A middle-aged Englishman from Australia, carrying a sawed off shotgun, was arrested in connection with the incident. The Duchess was unhurt. She was not aware of the incident until informed of it later.

The shot was fired as the Duchess stepped into a car accompanied by a friend Police were there at the time in answer to reports that a strangely acting man had been seen loitering in the vicinity.

In some quarters the incident was construed as a reflection of dissatisfaction

A foot long firearm with a polished wooden butt was exhibited in police court when Lawredge Lawlor was arraigned today on a charge of firing the weapon near the Duchess. Lawlor, who is a forty-five year old welder's assistant, appeared in court after night long questioning about the shooting. He was not asked to plead and was remanded for a week.

Constable Robert Tice told the magistrate, Clyde Wilson, that he seized Lawlor after a short chase in a commandeered automobile. Accused was himself on a bicycle.

The Duchess was entering her limousine to go to a theatre when the incident occurred. Neither she or her companion were injured.

The resolution was moved by Theo Collart, seconded by C. G. Minns.

Mr. Collart explained that the present slow construction was not at all satisfactory and, after all these years, he felt some more definite action should be taken businesslike basis.

S. E. Parked did not agree with the resolution. He thought the NEW YORK, June 6:-Pleading Chamber should support the com-"Division in the ranks of labor effort on the completion of the is the greatest danger to democ- Big Bend connection for the south-

H. F. Pullen supported the resolution. He said it was all very well to support the Terrace movement to complete the Usk section first but that was in a different constitutency and, once it was finished, the people there would forget Prince Rupert. He believed in getting the work at this end carried out as rapidly as possible. He had hoped to be able to some day drive to Terrace but was now fearing he would never be able to do so. He believed Mr. Pattullo was doing the best he could for the constituency but he should be supported on this highway work This was the time to discuss next year's program.

The motion to refer to the highway committee was moved by Col. J. W. Nicholls and was carried.

MANAGER DESIRED

Permanent Committee To Be Arranged To Keep Plan Before Provincial Government

The Prince Rupert Chamber of Commerce, at its meeting last night, on motion of Theo Collart, seconded by G. W. Nickerson, decided to arrange for a permanent committee of members of the Chamber of Commerce, the Junior Chamber of Commerce, the Trades and Labor Council and the Retail Merchants' Association to press for the implementing of the city manager plan of local government to take charge as soon as the City Commissioner relinquishes his position.

It planned to have the completion of the section east of ready so that it can meet Premier T. D. Pattullo when he comes here to open the new hospital.

At the meeting letters were read from the Premier and the Minister of Municipalities which were non-committal and made the appointing of the committee desir-
