HOLY LAND DISORDERS

Trouble Continues in Palestine Following Issuance of Government White Paper

JERUSALEM, May 19: (CP)-Palestine continues in a state of disorder and unrest following the issuance of the British government's white paper concerning the future state of the Holy Land.

There were more than 100 casu-, alties yesterday as British police battled for three hours in putting down a demonstration by Jewish youths. Finally, the police got the upper hand and dispersed the demonstrators.

Forty persons were injured in demonstrations at Tel Aviv.

Liberal Government Wins New Mandate Of Electors In Prince Edward Island

CHARLOTTETOWN, Prince Edward Island, May 19: (CP)—Prince Edward Island voters went to the polls yesterday and swept the Liberal administration of 44-year-old Premier Thane Alexander Campbell back into power by a commanding majority of seats over those won by the Conservative forces headed by Former Premier Dr. William J. P. Mac-Millan. The Liberal representation is only slightly diminished from the last four years during which it governed without a single opposition member. Whereas the Liberals had all the thirty seats in the Legislature at dissolution, they won twenty-six yesterday while the Conservatives were conceded four.

This is the first occasion since 1917 that a government has been re-elected in Prince Edward Island, the administrations having been alternately Liberal and Conservative, changing with each election. Liberals and Conservatives each had thirty candidates in the field yesterday with no third party.

HISTORY MADE TODAY

OTTAWA, May 19: (CP)— History was made at Parliament Hill this afternoon when, promptly at 2:56 p.m. Eastern Standard Time, the King and Queen arrived to give royal assent to bills. It was the first time a British sovereign had ever performed this act in any Parliament since 1854. A twenty-one gun salute boomed over the Ottawa River to greet the arrival of Their Majesties. Solid throngs of their subjects were held back by police and soldiers.

. Montreal yesterday and the demand to see Their Majesties that certain changes had to be made in the program there. The culminating feature of the Montreal visit was the civic dinner last evening in the Windsor Hotel. As the banquet proceeded, a roar of thousands of people outside demanding "We Want the King. We Want the Queen." grew into a deafening chant. Finally. Their Majesties acceded to the demand, left the banquet table and proceeded to the balcony where the teeming masses in Dominion Square nearly went

wild in the spontaneity of their enthusiasm at the appearance of the monarchs. Throughout the day and even the night before many people had waited for the chance to get a fleeting glimpse of the King and Queen. At the baseball stadium during

VANCOUVER, May 19: (CP) --Heavy showers have somewhat alleviated the forest fire situation in Southern British Columbia, Oregon, Washington and Northern California and prospects are for continued moisture.

There have been scattered rains in Northern Alberta but, according to word from Edmonton, they have not been sufficient to very much relieve serious forest fires which have been raging in that country. Weather continues quite warm there.
