Prominent Screen Figures Take Part in Hollywood Union Mass Meeting

HOLLYWOOD, Calif., Aug. 14.—A noisy mass meeting of several thousand Hollywood stars last night welcomed home a "fighting mad" committee of actors who flew to Atlantic City to protest a jurisdiction dispute to the American Federation of Labor. The movie people jammed into Hollywood's stadium to hear Ralph Morgan, President of the Screen Actors' Guild, and other leaders of the actors' unions tell of their wrangle with the executive council of the A. F. L. over asserted attempts of the International Alliance of Theatrical Stage Employees to "take over" the field in the studio industry.

"We are fighting mad over some of the developments at the Atlantic City meeting," Morgan said, "but we are confident of ultimate victory."

Adolphe Menjou presided and Eddie Cantor acted as master of ceremonies to introduce Lawrence Tibbett, the opera star and President of the American Guild of Musical Artists, and Emily Holt, secretary of the American Federation of Radio Artists, who returned from New York with the committee.

London Signs Blood Donors

Transfusion Volunteers May Register And Be Tested

LONDON, August 14: (CP)—"Blood transfusion volunteers may register and be tested here," say placards outside each of London's big hospitals.

Over 60,000 donors ready to give blood in wartime have been listed in the London area, but the Emergency Blood Transfusion Service says that isn't enough for London's wartime needs.

Donors, aged 18 to 65, would give blood as soon as a "crisis" came, to build a big reserve for casualty hospitals.

British medical experts say canned blood, kept in cold storage remains effective two months after being "tapped" from a donor.

A. G. Rix, district manager of the Imperial Oil Co., sailed on the Prince Rupert Saturday evening for a brief business trip to Ocean Falls.

R. M. Winslow, assistant general manager of the Canadian Fish & Cold Storage Co., sailed Saturday evening on the Prince Rupert for a trip to Vancouver and elsewhere in the south on company business.

Nazis Touch Up Czech Histories

PRAGUE, August 14: (CP)—Czech school books are being revised to suit the German proprietors of Bohemia and Moravia.

Of 90 books inspected, 60 have been ordered either changed in spots or lengthened eight have been forbidden completely and others have been forbidden as text books, but may be used by teachers for their own reference.

Special attention was paid to books describing Czech and German history and the relationship between the two nations with an eye to presenting matters more as Nazis see them.

VERSATILE TRIO

Man in the Moon

Some people spend a good deal of their time sniping at the Premier of British Columbia. But what does it matter to the Premier? The shots either go wide of the mark or they glance off his back.

A man who was given to snipe And who peddled stale pudding and tripe Took an aim at Pattullo A pretty good fellow But it back-fired and hit the poor gipe.

Mr. Herridge and his New Democracy seems to have caused merit in some quarters. He seems to be against everything and everybody except the Communists, and the Social Crediters.

Where did you come from, Baby dear? "Out of the everywhere—into the here."

Tell me, my Sweet! what your name may be? "Dad calls me The New Democracy."

And who, may I ask, is your papa? "He's Major Herridge, of Ottawa."

What means that smile in your bright blue eye? "Tim Buck kissed me as I passed by."

And why are your little cheeks so red? "Aberhart patted me on the head."

What is that cute little song you sing? "Down with Manion and down with King!"

Well; I hate to discourage you, Baby dear, But you haven't got long to live, I fear.
