McBRIDE'S POLICY OF EXPANSION.

Of McBride's policy in furnishing every settler with a road to his holding over which he could carry in his supplies, of his establishing school houses every mile or so for the education of the settler's children, The Daily News has several times had something to say on behalf of the settlers up the Skeena as well as those so sadly neglected in this respect on the Queen Charlotte Islands. His statements in this regard read like the glowing accounts of an advertising agent for an unscrupulous real estate firm.

Lately attention has been turned to the Peace River country and Vancouver has decided that the trade and commerce of this next door neighbor of ours belongs to her, instead of Prince Rupert. They have the powerful influence of the premier back of their efforts and by, with and through his aid a railway is to be run from Vancouver to the Peace River country. Do not permit this to trouble you; Prince Rupert is going to get that trade. This guff of Premier McBride is only another of his pie-crust promises.

It is not a fact that it was only a month or two ago that McBride discovered that the Peace River country was part of the wide domain over which he is the supreme dictator. The provincial government have been advertising in their pamphlets the wonderful possibilities of that country. They quote Professor John Macoun that there are there from five to ten thousand miles of the finest kind of agricultural land. Of this the government has reserved on the Peace and Parsnip rivers some four millions five hundred acres, for pre-emption it is alleged; but it has sold hundreds of miles of this fine agricultural land to big colonization companies and has received the money for it. Was any part of this revenue spent in that locality? The provincial government is now endeavoring to acquire a block of three million and a half acres which was deeded to the Dominion government years ago for railway purposes. Suppose our friend Dick gets his paws on this, will he carry out the original purpose of the grant and build a railway? For guidance into the future gaze deeply into the past. The government of British Columbia, engaged in selling the Peace River agricultural lands in tracts, advertising beautiful land for pre-emption and collecting fees from the innocent settler for years, has not as yet built ONE SINGLE WAGON ROAD IN OR LEADING INTO THE PEACE RIVER COUNTRY. Doesn't it look as if somebody was a mere bag of wind and liable to have a pin stuck into him at the forthcoming provincial election?

RECIPROCITY LIKELY TO BE RESURRECTED.

Reciprocity does not appear to be a dead issue in Saskatchewan at any rate. In the Legislature at Regina J. D. Stewart, M. P. P., introduced a resolution reaffirming the belief of the assembly in reciprocity and condemning the opposition members for their change of heart in following the behests of their party during the reciprocity campaign and stultifying their own vote of last year. None of the Tory members dared oppose the resolution on its principle, their intention to vote against is being explained on the theory that it was introduced for party purposes. One by one the Tories stood up in the Legislature and admitted that they thought just as they did a year ago when they unqualifiedly endorsed a similar resolution.

Mr. Stewart did not let them off as easily as the members of the British Columbia Legislature got off on their vote on the naval question. They had to take their medicine and raise their voices in favor of the measure which they voted to defeat last September on strictly party lines. Great is Tory consistency everywhere.

The Time For Action

Is the Time When The Daily News Appears each day

The Statement

If you have a legitimate, clean-cut offering of any kind to make to the intelligent public, the consistent, judicious use of the advertising columns of THE DAILY NEWS will bring you money returns much greater than your expenditure.

The Reasons

THE DAILY NEWS is read largely in the evening when the minds of people are free from business cares and therefore responsive to good selling arguments.

THE DAILY NEWS appears early enough in the afternoon of the business and shopping day to notify everyone of what you have new to offer.

THE DAILY NEWS is for this reason the best possible medium for all real estate dealers, as it immediately attracts those on the lookout for "snaps" or permanent investments.

THE DAILY NEWS is concise and to the point. It is read by practically every intelligent and prosperous person in Prince Rupert and the northern part of this province. These men and women have money to spend and buy regularly where they receive satisfaction. Their patronage is the merchant's best asset.

The Proof

THE DAILY NEWS is being used by more and more merchants and other business men as an advertising medium. They find that their advertisements in this newspaper pay them handsomely. Many instances can be cited. Results follow advertising in THE DAILY NEWS.
