THE HOLIDAY

Tomorrow is Victoria Day which we keep in honor of the late Queen Victoria. It has become an established institution as the annual day on which people of this district set out to enjoy the great outdoors. Many go fishing, making the first trip of the season. Many make it the day on which they set out their seedlings and plant their potatoes in the garden. In any event it is the great spring holiday and we all pray that Old Sol will smile.

PEACE SEEMS LIKELY

At one time it seemed as if war in Europe was a certainty. Now it seems almost as certain that there will be no European war for some time to come. As long as the nations opposed to Fascism stick together they will be too strong for the dictator nations to attack with any hopes of success. Also Japan is being gradually weakened by her war in China. That leaves Germany and Italy practically alone.

The series of international crises of the past year have so stirred up Britain and France and other countries that they are now prepared for any emergency.

The fact that Italy publishes to the world that she and Germany are prepared to strike quickly indicates that they have no immediate intention of doing so. Germany has boasted recently that she has so far won everything without war but the indication is that she will win little more by the policy of bluffing. Even Chamberlain is not likely to be the victim of that policy again.

TRIUMPHAL TOUR

King George and Queen Elizabeth are carrying out a triumphal tour in Eastern Canada with the inhabitants wherever they go displaying great enthusiasm over their first visit to Canada. A slight criticism was that the visit was costing the people of Canada such a lot and then it was found to be a money-maker for Canada instead of a loss for the people of the United States are just about as much interested in the visit of the King and Queen as are the people of Canada. There is a feeling of emotion sweeping through Canada which bids fair to wipe out the petty bickerings of those who trade on class conscious piffle trying to rouse one section of the community against the other.
