

CONSTIPATION DRAGS YOU DOWN

Don't let common constipation rob you of life and vigor! When bowels don't work right, the trouble often lies in what you eat. You don't get "bulk". Such common foods as meat, bread, potatoes are consumed in the body. They fail to supply the bulky mass that helps a bowel movement. Crisp, crunchy ALL-BRAN helps in two ways: It contributes to the "bulk" you need; and it also is a rich source of Nature's intestinal tonic, Vitamin B1. Eat ALL-BRAN every day, drink plenty of water, and see what a difference "regular" habits can make in your life.
