INVALID'S GAS MASK

This special gas mask for the use of invalids, hospitals patients and other persons who are unable to wear the ordinary type is being manufactured in Central Europe The new mask is more in the shape of a helmet, the wearer being able to move about freely and feel no discomforts. Tests in atmospheres of highly concentrated poison gas have proved that the mask is fool-proof. It is fitted with a hand air pump but can be equipped with an automatic pump.

Mrs. Paul Stegavig left on last; evening's train for a visit at Usk with her sister, Mrs. Arthur Alger.

couver to spend the Easter vaca-leph Hogan, son of Mr. and Mrs. the south on the Prince Rupert tion season.

Local school students leaving on ast evening's train for interior at their homes included Miss Betty Clarke to Forestdale, Miss Frances Dover to Terrace, Misses Edith and Jeanette Owens to Evelyn, and Miss Margaret Adams to Usk.

Inspector C. G. Barber, provincial police, will sail tomorrow night on the Princess Adelaide for Vic-, toria where next Thursday he will attend a dinner to be tendered as Easter Monday. a farewell to Col. J. M. McMullin who is retiring as commissioner of. Legion Royal visit bridge and the force. Returning, Inspector dance April 10. Barber will pay a visit to the Bella Coola Valley. He expects to be away about two weeks.

Rupert People?

Are they lazy or careless? Or have they an inferiority complex? We don't believe they

are dull. Yet some time ago we advertised a \$1000 contest for the best letter about Bluebird Dia-

monds and had only a few entrants. Would it be because people are

suspicious that there might be something more to do or something to buy?

Anyhow an agricultural student won the prize with a letter no better than many Prince Rupert people could

Well we now have another \$1000 prize contest which only needs the best letter of 50 words about Parker Pens. No pen to buy, nothing else to do

have written.

Why not try? We'll tell you all about it, or see our window and ask for an entry blank.

We'd very much like

NEW AND BETTER

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
