FMTORIAIS

IS THIS PRINCE RUPERT?

That old busybody, Dame Rumor, has been having the to Winnipeg to inspect it. Accom- British Plan time of her life for the past few weeks, says the Oshawa panying the car on its trip east-Times. She is far from idle in peacetime but then her stories have to compete with published news which i Canadian National Railways. more accurate if less imaginative. In wartime, when, some small portion of the news is suppressed in the public cluding more economical operainterest, the dear old lady does her best to satisfy a news hungry populace.

She has a feminine scorn of technical details. Discov. and the avoidance of re-icing en- be better than that of before the ering the Bremen in every harbor from Cape Horn tr Spitzbergen, she overlooks the fact that many of these to leave the shops. The remainder ports could not float a ship of the Bremen's draught going into service as soon as com-Lately she discovered that the reason for the sugar short age was that the available supplies were being commandeered by munitions manufacturers for making explosiv es. This is a plausible story, since the skill of organic meters. This method of refriger chemists is no doubt sufficient to convert the carbon of but consistently maintains sugar into almost any other carbon compound. The flar even temperature. Also apart f in the story lies in the fact that there are thousands of superior refrigeration, there cheaper sources of carbon, which is the commonest ele- more loading space due to elim ment in nature.

Such flaws do not worry Dame Rumor. She can ac-loading solid. The principle count for the sugar shortage in other ways. She knows overhead icing gives better for a fact that such and such a firm is hoarding a secret low a downward course and mu reserve, that another firm is fined thousands of dollars for more even temperature can be the same offence. Point out that the managers of the tained. On a recent check f firms in question have been spending sleepless nights try- Winnipeg to Montreal-a dista ing to cope with an abnormal demand for sugar and to de- of 1,360 miles-it was found th vise means of limiting individual purchases so that no cus- ence in the meat temperature tomer will suffer and Dame Rumor waves the facts aside the entire journey. The car is She herself has stored away as much as her pantry will equipped with liquidometers she hold, but it never occurs to her that this might have some- ing the temperature at floor thing to do with the situation.

The dame is a super-patriot. She has a garbled knowl- of temperatures enroute. edge of current events and not many weeks ago was loud twice the lading of the conv in her denunciations of Mr. Chamberlain. Now she de- tional refrigerator cars and lights in clamoring for the internment of anyone who re- use only about 50 percent of peats her own remarks. Particularly is she delighted bunker refrigerator car, with no when her victim has a Germanic name. It is quite irrelevant that most German-Canadians were here long before Hitler was heard of. Many, in fact, are descendants of U.E.L. families. Dame Rumor would intern them all; if she did not have them shot.

Sometimes kindly, oftens malicious, always untrust- 27: (CP)-First shot fired by Ausworthy. Dame Rumor will continue to thrive for the dur-tralla in the Second Great Wari ation of the war. Her tongue will clack with the speed was heard here when a coastal of her own knitting needles, producing tales as grotesque steamer, not understanding sigas some of the socks that she will send to the unfortunate to" and was fired upon. troops. For both tales and socks, laughter is the only antidote.

The Daily News is a member of the Canadian Daily full ceremony of changing the Newspaper Association, of the Canadian Press and of the guard at Buckingham Palace is Audit Bureau of Circulations. It is the only paper north week. Frequently the khaki-clad coal exports from Germany has of Vancouver and west of Edmonton holding membership guards arrive and depart in motor turned to Wales to supply her fuel in these organizations.

WARSAW BOY SAVES HIS PET

Among the pitiful sights attending the bombing of Warsaw by German planes was that of this litle boy with his pet canary, the only thing he managed to save from the ruins of his home, in which 10 persons were killed. Photo was taken just before Nazi occupation of Warsaw.
