What people are now wondering is tree. whether Mr. Caldwell will continue to speak for the party Win in Softball or will Mr. Woodsworth be reinstated. Many think that Mr. Woodsworth is through as far as leadership is con- Defeated Sixteenth Canadian Scotcerned and that the mantle has naturally fallen on the younger prophet, the school teacher from Regina.

Judging from the answers to questions when before the banking committee Mr. Coldwell favors private ownership of property such as a house, a farm or a small business. Just where this private ownership is to stop is not clearly indicated and never can be. His answer to the banking com- larly. mittee was that what he wants to see is more private pronerty for more people and less property for the few. He would not take over the small bussinesses but only the large monopolies and these he would operate as departments of the government. His plan would be to issue ? bonds with which to remunerate the owners.

It seems to us as if this was something like the brand ? of socialism advocated in British Columbia by the former leader in the Legislature, Rev. Robert Connell. At anyrate it indicates that at least a section of the C.C.F. members do not favor immediate confiscation of property and the operation of all businesses by the state. That may be possibly the ultimate aim but it will be brought about gradually if it is ever done. In other words, it is not communism.
