In other words killing some one is not so bad if the King does not see it. This is carrying loyalty rather! further than most of us care to go.

CURIOUS MENTALITY

Barry Mather, whose letter appeared in this paper' yesterday, seems to suggest that, if Canada followed the example of New Zealand and voted into power a socialist | Batted Out Of Box By Chicago government, there would be no need to fear control of the! world by Hitler and his allies but that there would be "Peace on Earth and Good Will Toward Men." We should. like to point out to Mr. Mather that New Zealand is enthusiastically pro-British, just the reverse from the jour- zy Dean out of the box in the nal that he represents. Also we suggest that, as long as Canada remains a part of the British Empire, the people of the country have the right to vote as did the people of New Zealand but that, if anything happens to the Empire, such as it would seem that Mr. Mather desires, there would be no chance whatever of Canada going socialist, She would not be allowed to do so.
