MANAGER FOR CITY

Bill Adopted by Chamber After Consultation Trades and Labor Council

Commerce last night alliance. Chair, W. O. Fulton reported on GRITS ARE at it had discussed the city, manager proposal with a commitof the Prince Rupert Trades nd Labor Council and that committee had agreed with the plan th the xception of two clauses ich had been amended to meet wishes, Mr. Fulton then read provision of a bill which is ing sent to the minister of municipalities and to Hon, T. D. member for the district, king that the city commissioner instructed to take a plebiscite the people of Prince Rupert the vote is favorable the city be allowed to adopt an which, if necessary, might mplemented by legislation. Folring are clauses of the proposal: council consisting of five shall be elected for wars and the council shall choose

The council shall appoint a city six months and after that!

The council is to have no power ger city employees, neither would mayor have the right to veto and there would be no standing committees of the council.

which would be a member of the

The bill as outlined was to be ensidered only a rough draft and loing to the Legislature. It was dopted on motion of Theo Colart, seconded by F. A. MacCallum.

LOG SCALE

Month Last Year But Falling Off Is General

Timber scaling in Prince Rupert and damaged. year, amounting to 2,536,031 board ed up by the sea. eet, was almost level with 2,694.ast year. The total for this year SPEED MARK board feet in the same month only about half of the 7,856, 126 board feet recorded in the first four months of 1938.

The scale this April per species was as follows:

Cedar, 449,169 board feet. Spruce, 457,103 board feet. Jackpine, 282,203 board feet. Hemlock, 1,347,556 board feet.

This April pole and piling count in the interior was negligible et in the corresponding period of a power dive, it is believed.

The tie count this April was 1 eces, all in jackpine, as comwith 6;474 pieces in April

caled this April.
