Famous Medals

for Distinguished Service..

THE DISTINGUISHED FLYING CROSS ... 1918

Awarded to officers and warrant officers of the Air Force for valour, or

devotion to duty in active operations against the enemy, this coveted

decoration was instituted on June 3, 1918, by King George V, when it was

felt that decorations awarded to other arms were not appropriate for the

then new flying branch of the fighting service. From a distinctive blug and

white diagonal striped ribbon is suspended a beautiful silver cross as shown.

Bars are awarded for subsequent acts and rosettes are worn on the ribbon

when the ribbon is worn without the cross in undress uniform. Recipients

are permitted to use the letters D.F.C. after their names.

NEW AND BETTER

For the Halibut and Samon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
