CHANGE OF FACE IS INDICATION OF MODIFICATION OF POLICY—ACCEPTABIL-ITY OF TERMS TO POLAND NOW MAJOR QUESTION

LONDON SEES POSSIBILITY OF WAR DEFINITELY HALTED FOR FEW DAYS AT LEAST — OUTLOOK TAKES BRIGHTER TURN

LONDON, August 30: (CP)—Chancellor Adolf Hitler of Germany has agreed to direct negotiations with Poland on the Danzig issue, it was reported diplomatically here today while the British cabinet was meeting to consider the Reichsfuehrer's latest message. Meantime in Berlin authoritative quarters said that Gremany welcomes with "Extraordinary sympathy the offer of mediation by Queen Wilhelmina and King Leopold." The diplomatic suggestion is that Hitler is still insisting on the return of Danzig and the Polish Corridor but there is no confirmation officially.

If Htler agrees to direct negotiations with the Poles it is an indication of modification of his policy. On August 27 the French government announced that Der Feuhrer had rejected the proposal of Premier Edouard Daladier for direct negotiation. If Hitler has reversed this position, the acceptance of his terms becomes a question of major importance.

"Certainly it has halted any war for a day or two at least," a source near the govern-

ment said. Beyond that no opinions were ventured. The British cabinet is meeting today to consider the Reichsfuehrer's latest message. The government was in session for an hour and a half to consider his terms.

Reports flying about Downing Street that Parliament would be assembled tomorrow were not verified.

Officials indicated that Great Britain would probably send a communication to Berlin later in

The terms of the latest Hitler message were divulged to Vincent Massey, Canadian High Com-

missioner. As for the offer of King Leopold and Queen Wilhelmina of mediation, the offer was not extended to the German government but to Great Britain, France and Poland. Britain, in the reported opinion of German circles, is the only nation really in a position to press upon Poland to accept. London and Paris have sent favorable replies to the sovereigns of the Netherlands and Belgium, Poland reiterating her reply to Roosevelt on the desirability of mediation. Further progress, it was indicated, depended on the German attitude.

The German cabinet was assembled unexpectedly at 4:30 this afternoon, presumably to consider latest developments in the exchanges between London and Berlin and possibly to reconsider German Policy in regard to Poland.

### GUARDING ACTIVITY GENERAL

Preparations For War At Prince Rupert Similarly Being Made Ali Over Canada

FUSILIERS ARRIVE Under command of Capt. Morris of the Fortress Signal Corps of Vincouver, ninety-six members of the Irish Fusiliers Regiment and small detachment of the Signal Corps and Army Service Corps arrived in Prince Rupert from Vancouver on the Prince Rupert this morning. They will be stationed at various points in Prince Rupert and district for patrol duty in view of the present international situation and the possibility of war. The soldiers remained on the steamer until after lunch, parading off at 1 p.m. In connection with their assignment, there is to be a meeting of the militia officers.

Activity in manning the fortifications at Prince Rupert as well as the guarding of vulnerable points in case of war is by no means a local measure. The activity here is part of precautions which are being taken at this time right across Canada in view of the critical European situation.

Forts around Victoria and Esquimalt have been similarly manned and, on orders from Ottawa, militia regiments there were called cut on a volunteer basis to take over duties on coast defence that have been mapped out for them at Work Point military headquar-

Stewart, officer commanding the district, said: "Everything is ready according to plans and the people are fitting into their places'

Further recruiting had been started for the coast artillery service, Brigadier Stewart stated.

From Ottawa, Hon. Ian Mackenzie, minister of national defence, announced that ten thousand members of the non-permanent militia had been called out.

Units of the Royal Canadian Air Force required for coastal defence purposes were being moved to the Atlantic coast to take up assigned
