TERRACE

Miss Marjorie Kenney is home for the Christmas season from her school at Fraser Lake where she! holds the position of principal. Miss Kenney is staying with her parents, Mr. and Mrs. E. T. Kenney.

Weather has continued very mild at Terrace. There is no snow and there has been so little frost that in some of the gardens there remain a few flowers still in bloom.

The municipal water system is being extended along the east side of Kalum Street. The old waterline to which the new main must be connected caused a lot of trouble by the fact that it had originally been put down in a curved line instead of straight. Consequently, the men had to dig some experimental ditches before the trouble was eventually found.
