· You can't shine at work or play if you're troubled with constipation. And common constipation is not a necessary evil. Too little bulk in your diet often causes it. Foods like meat, bread and potatoes do not form the "bulky" mass the bowels need for regular movements. They become lazy. Eat Kellogg's ALL-BRAN, a crisp, delightful cereal. It helps to supply the "bulk" you need. And it is especially rich in Nature's intestinal tonic, Vitamin B1. Try this sensible routine: Eat ALL-BRAN every day. And drink plenty of water. Discover how fine it feels to be "regular" again.
