Tourists Find Way Into Bulkley Valley

SMITHERS, August 4:- Many automobiles from distant states and provinces have been seen on the streets of Smithers recently. Several from California, some from New Jersey, Ontario and Alberta.

One California car here recently was towing a very large trailer which had been the home of the tourists for several months and they were loud in the praises of the scenery and surprised at the good condition of the roads, more especially so as they had been told along the road that they could not get as far as Smithers or Hazel-

It seems that strangers and tourists coming up the Cariboo Highway are given adverse informatioon at such nearby places as Prince George and Quesnel about the roads farther north. Some of | these people have been very indignant at the stories that have been told them and have expressed the intention of looking up their informants on the way back to tell

hem what they think of them. The districts surrounding Smithers and Hazelton have as much to offer the tourists in every way The Sister Superior and sister as do the other points along the from the Convent of St. Joseph in Cariboo Hughway and they reall Prince Rupert, who are holidaying have not seen anything in the here, paid a visit to Lakelse Lake vay of scenery until they get to

With the excellent crops of this year and the prospects for a much improved market for milk and cream there should be a large increase in the dairy herds of the valley from now on which wil bring increased prosperity to the farmers of the district.

Another farm which was sold on Monday was that of Albert Palmer, about three miles south of Telkwa and adjoining the Joe Bourgon farm at Hubert, This farm was sold to Mrs. Fleury who is also newly arrived from Switzerland with her family of five children. They are taking possession immediately and will make their home in the Bulkley Valley

settled there.
