KEEP COOL THE "SALADA" WAY

Infuse 6 heaping teaspoons of Salada Black Tea in a pint of fresh, boiling water. After 6 minutes strain liquid into 2-quart container; while hot, add 1 to 1½ cups of sugar and juice of 2 lemons, strained; stir until sugar is dissolved; fill container with cold water. Do not allow tea to cool before adding cold water or liquid will become cloudy. Serve with chipped ice. The above makes 7 tall glasses.

KISS YOUR TIRED FEELING GOODBYE!

Pepless Many Suffer Low Blood Count—And Don't Know It.

The baffling thing about low blood count is that you can weigh about as much as you ever did — even look healthy and strong, yet — you can feel as if you had lead in your legs, dopey, tired and pepless.

Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.

Get Dr. Williams Pink Pills today. They are world-famous for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams Pink Pills today.
