Of late the Chimney Bell campanulas have been adding to the beauty of the gardens. Mostly they are blue and gorgeous blue too. So fine is the texture of the flower that they do not last long. However, if the flowers are picked off as soon as they fade, others will come and the pillar of blue will continue for some time. Some of these chimney bells, both blue and white, can be seen in Dean Gibson's garden.

In spite of the weather this year, there never were so many fine gardens in the city as there are today. he color of the flowers is purer than usual because they do not fade in the sun. Many people want me to see their places but it is impossible to see them all. I only wish

Not many people drive out Eighth Avenue so not many see Miller's fine little home there. The garden is roomy and all the flowers are planted in such a way that they have room to grow without being crowded out. Everything is so spic and span in that garden that makes me ashamed of my own.
