

# SAVE YOUR SIGHT with BETTER LIGHT

Don't gamble with your eyes! They are the only ones you will ever have and they deserve all the help you can give them. Make sure that you have enough light in your home. Modern "Better Sight" portable lamps are scientifically designed to properly distribute the light and afford your eyes real protection. Trilites (100, 200 or 300 watts at the turn of a switch) and bridge reflector lamps are available in many lovely designs. Complete with shade and bulbs for only \$1.00 down. Balance on easy terms.
