**ROYAL TANK REGIMENT READY FOR ANY INVADERS**

Heavy tanks of the Royal Tank Regiment rumble over a common somewhere in Southern England during manoeuvres. These tanks are just one of the many obstacles that Hitler's Nazi forces will have to contend with if they do decide to launch an invasion of England.

**Important Users Say**  
**"Buy B.C. Products"**

British Columbia thrives by its industries, and its industries are generous users of "B.C. Products."

Logging and Mining Camps were never busier than they are today. Employment and Purchases are steadily increasing, and Industrial demands for goods "made in British Columbia" are on a rapidly ascending scale.

The Provincial Government invariably specifies "B.C. Products" for the numerous Institutions which come under its care.

No housewife buys more carefully than the Purchasing Agents for these important users, who have found by long investigation and patient test that "B.C. Products" compare very favourably with imported merchandise.

Support the Product of our own Farms and Factories. Encourage the British Columbia Producer to develop and expand. Give employment to more of our own people. By far the major portion of your domestic needs can be supplied within the Province.

**IF**—Prince Rupert has not—through a most malignant trick of Fate—Hitlerism—After a long long last—come into its own, as a Port—of great import?

**WHY**—It required a war—a war that threatened all civilization, to bring to the attention of our government the vital strategic value of Prince Rupert as a logical—and natural bulwark against invasion—from the west?

**IF**—Now—that military and naval collaboration has been consummated with the States, Prince Rupert is not—and will not, for all time—in war-time or peacetime—remain a thriving, bustling, evergrowing city, destined to dominate and guard this frontier of the British Empire and particularly the English speaking peoples of North America from all the Asias?

**WHY**—Local capital and property-owners are not displaying just a "trace" of the public spirit and confidence that prompted a group of the city's dynamic "kids" to step out and put over a three-day celebration—the success of which, pro-rata, this columnist has not seen surpassed—even in Hollywood with a galaxy of film stars to back up the efforts?

**WHY**—The business future of Prince Rupert would not be assured if the same energetic spirit of do it now was made the keynote of cagey property owners—rather than pessimistic doubt and procrastination?

**WHY**—When the government lays something in your lap—which it so seldom does—you do not realize they are doing so because there is a huge permanent plan to make this natural northern gateway to Canada invulnerable to potential invasion. So why not grasp the opportunity that is rapping—an opportunity that some of you have lived a lifetime in an anticipation of—and build, build, BUILD?

**IF**—You over cautious Do-Do's are going to wait until "sharp" American money comes in and steals the "grave" as the States commence Alaskan operations for defence and future emergencies and utilize Prince Rupert as a by-base while doing so?

**WHY**—You don't realize, that once

the barrier is down—as it is today—Prince Rupert will in spite of doubting Thomases always be an evergrowing, thriving city—IT IS THE DAWN OF A NEW ERA—an era you've been waiting for . . . Living for . . . Just why are you living if you're standing still?

**DEFENCE OF CANADA REGULATIONS**

**Registration of Firearms**

Order in Council P.C. 3506 passed at Ottawa on July 29th, 1940, required that all firearms including rifles and shotguns be registered by September 15th, 1940.

Owners of firearms according to their place of residence should present themselves at (a) a city or municipal police station; (b) a B.C. Provincial Police office; or (c) a Game Department office.

When applying for Certificate of Registration, the following personal details will be required:

Owner's name and address, occupation, racial origin, whether or not he is a British subject, purpose for which weapon is used.

Full and complete details must be given of the weapon or weapons, including serial number.

No firearm shall be sold or in any way transferred to any person who is not the holder of a permit; nor shall any person sell or offer for sale any firearm without having a permit to do so.

**SIGNALS DINNER**

To commemorate the passing of the first years service in the C. A. S. F. the 9th Fortress Signal Company, R. C. C. S., held a dinner last evening in the Boston Cafe.

All personnel of the company not actually on duty attended. The banquet room was tastefully decorated in Signals colors and signal flags, while beautiful vases of blue and white flowers decorated the tables, tastefully arranged by the wives of the personnel of the unit.

Guests of the evening included Lieut. J. W. Kilpatrick, Area Adjutant, representing Lt.-Col. S. D. Johnston, who was unavoidably out of town on duty, and the Area Padre, Capt. R. C. H. Durnford.

It was a night of stories and reminiscences that followed from the hectic days following instructions to mobilize a year ago up to the present time. Major J. R. Low gave a very interesting word picture of the period, paying tribute to the first signal detachment to arrive in Prince Rupert, their trials and the work accomplished in the first few months they were here.

Lieut. J. W. Kilpatrick spoke of the very important job that was the work of the Signals and how well that work had been carried out in this area. A toast to the first Signals detachment to proceed overseas from this unit was proposed by Lance Corporal Livingstone and responded to by Sgt. Weaver. Training of Signals in war was spoken briefly on by C. S. M. Smith, Lieut. J. G. James and C. Q. M. S. Sarginson took their audiences back to the trying days in the old N. P. A. A. in their "Do you remember when?" reminiscences. A toast to Signals overseas was proposed by Capt. R. C. H. Durnford in his own inimitable way and was ably replied to by Lieut. H. L. Hall.

The program was interspersed by songs.
