DIES AT TERRACE

Joseph Cote, Pioneer Settler, Passes Away at Age of 78

TERRACE, April 24. — Joseph Cote, age 78, passed away at his Terrace home early Monday morning, leaving his widow Mrs. Cote, a son and a daughter at Terrace and several grown-up children who have moved away since the family has been in the district.

Deceased was one of the pioneer farmers of Terrace, settling on the Lakelse side of the Skeena many years ago, Mr. and Mrs. Cote farmed until two or three years ago when Mr. Cote built their present home opposite the Catholic Church.

Deceased remained active until two or three days before his passing.

Col. Barber Back At Smithers Post

Resumes Duties as Field Supervisor For Soldiers' Settlement Board

SMITHERS, April 24.— Lt. Col. Frank Barber arrived in Smithers on Sunday to resume his duties as field supervisor for the Soldiers' Settlement Board. Col. Barber had held this position here for some time prior to the outbreak of war in September and he was then called to Victoria to take on the duties of staff major on the headquarters staff of the Eleventh Military District, having been on duty there since that time.

Mr. Barber had hoped to get overseas with one of the service battalions but, not being able to do so he has resumed his former duties with the Soldiers' Settlement Board subject to call when needed in the army.

The many friends that Col. Barber made during his residence here are glad to welcome him back to Smithers.

Forest Ranger Is Transferred

I. Martin Moved From Smithers Peace River District

SMITHERS, April 24:—I Martin, who has been forest ranger at Smithers for the past eleven years, has been transferred to the Peace River district and leaves Smithers immediately to take up his work there with headquarters at Pouce Coupe. His family will follow him to the new field in a short time.

Mr. Martin is well known throughout the whole district and has been very efficient in his work. He has been active in fraternal organizations and the many friends of himself and family are sorry they are leaving the district but wish them good fortune in their new field.

Smithers Roads In Good Shape

Highway Between Hazelton And Burns Lake In Midsummer Condition

SMITHERS, April 24: — The fine mild and dry weather that has been experienced here during the past week or so has had the effect of drying up the roads wonderfully and starting the grass to vigorous growth.

Travellers report the roads to be in excellent shape now, except for short spaces between Vanderhoof and Prince George where some soft spots still exist. It is expected however, that the whole highway will be in good condition in a very short time.

The road between Hazelton and Burns Lake is said to be in regular midsummer condition.

REVENUE INCREASE

MONTREAL, April 24.—More revenue was received by Trans-Canada Air Lines from passenger traffic in March than in any other month except last August since inception of service, according to a report issued yesterday. Passengers numbered 3,169. Air mail carried amounted to 47,187 pounds, which is an increase over February of 3,036 pounds and makes March second only to December when the total was 50,636 pounds. There was an increase of 41 per cent in the number of express shipments carried in March as compared with February and an increase of 62 per cent in the weight of shipments. Total express revenue increased 66 per cent.

The increase in passenger business in March might have been even greater had it not been for the fact that the spring thaws made the fields at North Bay and Kapuskasingsing unserviceable for part of the month. This made it necessary to fly non-stop from Toronto to Armstrong and limit the loads.

A number of passengers were carried on the second transcontinental flight which was inaugurated on April 1 although it had not been the intention to carry passengers in the new service until April 14. The average passenger journey in March was 506 miles.

On the new schedules, the Trans-Canada Aid Lines are flying nearly 14,000 miles daily in revenue service which amounts to more than 5,000,000 miles a year.

The flight personnel has been increased to 119—35 captains, 26 first officers, 17 undergoing training as first officers and 41 stewardesses.

SEES LARGE TOUR YEAR

WINNIPEG, April 24.—Confident that Canada will enjoy its greatest tourist season during the present year, Robert Sommerville, manager of Jasper Park Lodge, paid a short visit to Winnipeg yesterday enroute to Jasper where he will get things in readiness for the opening of the Lodge on June 15. He will visit Edmonton today.

"I have just completed a tour of the important cities in the United States and everywhere I went I found increased interest in Canadian summer resorts," said Mr. Sommerville. "Canada will benefit tremendously from the visiting tourists this year and in this respect the Canadian Rockies will reap their full share of this desirable business.

"We have never had so many advance bookings for the lodge as we have this year and most of our guests will come to the mountains for lengthy holidays. Incidentally, we already have fifty-one booked for the annual Totem Pole Golf Tournament next September.

"The official opening of the Jasper-Banff Highway on July 1 promises to attract a large number of United States tourists. The new driveway will be second to none for scenic beauty in the world and the two famous mountain resorts will be connected with a wide safe highway. We will have several new motor cars at Jasper this year to handle the heavy increase in business. Altogether it looks like our biggest year," declared Mr. Sommerville.

It's Twin Dates For Twin Girls

DES MOINES, Ia., April 24: (CP) —Two twins make four and it probably would take four ordinary girls to do what Lilla and Lillie Anderson, 24, pack into one day.

They're graduate nurses on night duty at a hospital 48 hours a week and each morning they hustle from sick rooms to class rooms at Drake University where both are seeking liberal arts degrees. They're aiming to become airline stewardesses.

Two afternoons a week they play basketball, table tennis or swim and have fun at the piano. Finding time for homework is a problem but a bigger one is men. "One of us won't go out on a date unless we both can go," Lille explains.

With 15 hours of classwork a week, the girls figure they should have their degrees in 1942. Then for the blue skies and the sleek, silver ships.

Downed Heinkel On First Patrol

Young Pilot Had Unusual Luck Both In Finding And Fighting The Enemy

LONDON, April 24: (CP)— Odds against a Royal Air Force fighter command pilot encountering an enemy plane on his first patrol are around 100 to one.

But that long chance was realized by a young volunteer reserve officer on patrol in a Spitfire with two other pilots off the Firth of Forth. The patrol sighted a Heinkel cruising over a merchant ship and attacked it. The novice, in civil life an aircraft engineer from Rye, Sussex, and one of the other pilots attacked the raider in turn until smoke and flames poured from its engine.

The Heinkel's end was not spectacular. It glided gently into the sea where it floated, the hot engine sizzling in the water. The German airmen climbed out onto a wing and later were rescued.
