## GERMAN INSPIRED RADIO

Once more we feel it our duty to warn radio listeners against German-inspired broadcasts. Only a few days ago we were told by some American broadcasters that the Balkan nations were taking such action as would throw their whole weight to Germany in the present war. British and Canadian broadcasters did not carry the story and now it develops that just the opposite is true. Roumania has taken such action as will cut Germany off from many supplies from that country.

## TOO MUCH TO REALIZE

The number of British victories over the Germans at the week-end was so great that it was hard to realize how much had happened. The big thing was the clearing out of Narwik and the sinking of Nazi destroyers there; the landing of British troops in Norway to aid the Norwegians in repelling the invaders and the mining of all the German coast in the Baltic Sea as far as Lithuania. Then there was the sinking of troopships and the shutting off of food and oil supplies from Germany by Roumania. Any one of these events would have been very important if happening alone. In the aggregate, the British advantages have been so great as to be almost unbelievable.

## VOICE FROM BERLIN

The poor little voice from Berlin denying that Great Britain had done anything and inventing fictitious victories to Hitler's forces seems rather a sad affair. To think that the only way the great German nation can win is by lying is not pleasant even for her enemies to contemplate. There are splendid men in Germany but they are, evidently, led away by the deceit of a leader whom they profess to adore. We can only wonder what will be the reaction when the Germans really learn the truth.

### NEW CIVIC CENTRE SCHEME IS BROUGHT FORWARD

(Continued from Page One)

cash on hand, $9,000 by subscriptions and an issue of $10,000 of small denomination bonds carrying four per cent interest. The interest could be met, it was felt, by surplus from the operation of the centre. Twenty-year endowment life insurance policies, costing approximately $400 per year, might be taken out for the sinking fund, this amount to be raised by the three organizations sponsoring the project. An estimate as to the annual operation of the community centre as proposed reckoned $2400 in revenue from such sources as membership, concerts and plays, basketball, badminton, dances and concessions wth expenses in the sum of $1710 covering heat, light, janitorial services, insurance, maintenance and incidentals.

The report was presented to the Gyro Club by Dr. R. G. Large, chairman of the central committee on the civic centre undertaking.

**Carry on Playgrounds**

The Gyro Club also decided to carry on with its supervised playground activities this summer, making an appropriation of $1000 for the season to the committee of which W. F. Stone is chairman. The club will also continue to participate in special war service activities in collaboration with the central committee on which the representatives of the club are D. G. Borland, Frank Dibb and William Cruickshank.

President G. A. Hunter was in the chair at last night's meeting of the Gyro Club and there was a full turn-out of available members.

## WIND UP BOWLING

**Various Leagues To Conclude Activities This Week—Gyro, Savoy And C. N. R. Lead Commercial**

Imperial Oil, credited with a three game to nil victory as a result of the default of Moose, last night moved into the leadership of the Commercial Bowling League as far as number of games won is concerned with Printers, Gyro Club, Savoy Hotel and Canadian National Recreation Association. However, the Gyro Club, Savoy Hotel and C. N. R. A. are in the most advantageous position, having lost fewer games than Printers and Imperial Oil. In last night's scheduled fixture, C. N. R. A. rolled its scores, play of Canadian Scottish being deferred. All unplayed games in the various bowling leagues must be completed this week as the alleys are being closed up for the season. The annual banquet will be held on Wednesday evening of next week.

## Hard Fought Soccer Game

**Booth School and Ihish Fusiliers Show Class in Football Match**

In the football game on Sunday in which Booth School and Fusiliers played a one-all draw, Booth boys made the first charge, this resulting in two corner kicks in the first two minutes. However, the army soon recovered and, from then on, play roamed from one end of the field to the other. Anderson put the students up one with a beautifully placed shot from the field. In the second half the soldiers made it hot for Long. Munroe finally succeeded in drilling one past the High School goalie to even the count 1-1. Both teams tried hard for the winning tally but the backs and goal tenders combined to stop every drive.

Although the High School lads lacked the weight of their opponents, they used what they did have very effectively, several times bowling over the Irish.

Teams were as follows:

Fusiliers—Martin, Jenneson, Borden, West, McCann, Steele, Ewbank, Gray, Potter (captain), Munroe, Dickson.

High School—B. Long, L. Keays, S. Scherk, R. Anderson, H. Holkestad, N. Pavlikis, R. Kihara, J. Wilson (captain), Walter Ferguson, G. Baker, S. Kuwahara.

Norman Campbell refereed and linesmen were Morrison (Fusiliers), Holtby and McLachlan (High School).

**APRIL FOOLISH**

LOUISVILLE, Ky., April 16: (CP)—A motorist here was greatly alarmed when he ran down a woman—he thought. He fetched police and found the "woman" was a rag dummy children had rigged with strings.

## SPORT CHAT

Boston fans saw the Bruins win hockey's Stanley Cup on home ice for the first time one year ago today when they defeated Toronto Maple Leafs 3-1 in the fifth game of a best-out-of-seven series. Ten years previously the New Englanders won the Stanley Cup on New York ice.

She's just a middle school student in Portland, only 15 years old, but Brenda Heiser is national indoor 220-yard free-style swimming champion. Less than four years ago she was just paddling around public pools. Then she began to take swimming seriously. Two years later she won her first national championship. She can go with the best of them at every distance from 100 metres to 800 metres.

**UTTER REALISM**

INDIANAPOLIS, Ind., April 16: (CP)—An amateur dramatic club here produced a play that had a courtroom scene in it. So they obtained Marion county court for a theatre.

**WHERE DIRT IS GOLDEN**

AHMEDABAD, India, April 16: (CP)—A civic official says Ahmedabad has two records and both are unhappy ones—City with the Highest Land Value in India, and Dirtiest City in India. A square yard of land costs about $1,000 here.
