When a firm owned a plant and wished to build ships it didn't usually ask for tenders. It went ahead and built them and that is what the C. N. R. should do here.

Legion of the British Empire Service League was in regular session last evening in preparation for the regular monthly meeting of Wednesday. Considerable literature from both the Dominion and Provincial Commands of the Canadian Legion dealt with the part the Legion is playing and can play in connection with the present war. The first suggestion is that the "Big Brother" movement. In this feature the ex-service man of the last war is fully prepared to act as a "big brother" to his successor in the present war. The veteran is particularly well equipped to do this as from experience he can counsel and help the younger generation. Already the Legion has been able, through direct representations to the Dominion government, to ensure tha men recently discharged as medically unfit from the military forces were supplied with suitable cloth-

Provision has also been made whereby members of the present forces may become associate members of the Legion. Cards have been prepared to this end and the Prince Rupert branch has issued thirty-five to all soldiers who have applied for them. These entitle the holder to make use of all the facilities of the Legion. One timely feature of this is that the holders of these tickets are eligible to attend the smoking concert to be held on Wednesday of this week in the Legion clubrooms following the regular monthly meeting. Letters of thanks from Capt. A. G. Rix for Christmas cheer sent to Barrett and Frederick Points, from Capt. R. T. Leah for use of the clubrooms and from the Essondale and Marpole Hospital Cheer Funds were read. The usual

hampers and supplies had been sent to needy families while the Christmas dinner for single exservice men had been attended by forty-three veterans who had enjoyed the "get-together" immensely. The gift of cigars and cigarjettes from Colonel J. W. Nicholls Prince Rupert had been very much appreciated. Three applications for regular

membership were approved. Members present were Jack Preece who presided, and W. Rance, George Abbott, C. L. Barker, G. J. Dawes, H. T. Locke and J. M. Walker.

B. R. J. Masecar, after a brief visit here in connection with his duties as auditor for Edward Lipsett Ltd., sailed by the Catala this afternoon on his return to

Union steamer Catala, Capt. Ernest Sheppard, arrived in port at northern points and sailed at 1:30 noon today from Stewart and other p.m. for Vancouver and waypoints.

First, VapoRub acts on the skin, stimulating like a warming poultice.

Second, it gives off the soothing medicinal vapours of seven different relief-giving ingredients-vapours that penetrate to the irritated bronchial passages. And here's what this poultice-and-vapour action does.

It clears the air passages, loosens phlegm, checks the tendency to cough, relieves irritation—also eases soreness of the chest muscles. This comforting action continues hour after hour and invites healing, restful sleep. Often by morning, most of the misery of the cold is gone. Try this time-tested treatment FREE!
