

Treat your eyes to BETTER LIGHT in 1941

Make a resolution now to be kind to your eyes all year. Be sure you have enough light in every room. Be sure it is of the right quality - don't use bare bulbs in fixtures. Be sure it is properly distributed throughout the room and concentrated on the chairs or tables where you sit to read, sew or do other eye work. Remember-Better Light means Better Sight and you'll never have another pair of eyes!
