## RATHER, DEPRESSING

War news received during the past week or two has been of rather a depressing nature and the German propaganda machine has added its quota, all of which has been broadcast throughout the United States and Canada. Following a burst of Allied sea victories when Norway was invaded, it seems as if there has been nothing very cheering from day to day.

Looking back we remember such days during the first great war only at that time we were not flooded with German propaganda such as we get today.

During a time like this the pessimists have their innings. All their fears and dreads are voiced until it is sometimes difficult to keep from an attack of jitters. However, we must expect and undoubtedly will have such periods. Possibly at such a time it is well to remember that the German submarine attacks on merchant shipping have almost stopped and the shipping losses of both Allies and neutrals have almost ceased. Also the German navy has been reduced to such a point that it is no longer a menace. From the Allies' point of view the Norwegian campaign has been a great advantage in that it brought the German navy into the open. Yet it has been a very uncomfortable experience for the Norwegians.

## VICTORIA PROSPEROUS

Victoria is experiencing something of a boom. The city building permits issued in April totalled \$393,490 as against \$43,201 in April of last year. While two of the amounts were for hospital additions, the sum included the estimates for building twenty-four new houses. This, it must be remembered, is only for the part of the city incorporated within the city boundaries. Outside there are the districts of Oak Bay, Saanich and Esquimalt, all within the city purchasing area, and all these districts are also busy. In fact it is a quarter of a century since Victoria was as busy as it is today.

## OATH OF ALLEGIANCE

School teachers are required to take an oath of allegiance to the King. This action has been taken because of complaints that some teachers were not only not loyal Britishers but they inculcated subversive doctrines which were not acceptable to the parents.

In the state of California they are going a step further and asking pupils of the schools to declare their Americanism.

We do not think the taking of the oath will be objectionable to local teachers because we have never heard that any of them were anything but loyal. However, if taking the oath should prevent even one teacher in British Columbia from spreading pernicious doctrines among the young people of the province, the action of the authorities is well worth while.

Campbell, A. Smith, W. Ferguson, R. Smith and W. Murdoch. Spares will be N. McLeod, R. Cameron, B. McLean and L. Keays.

The Velvet team for tonight's game will be as follows: Krause, F. Gomez, B. Parsons, J. Greer, Sonny Dickens, Darrow Gomez, B. Gomez, Henry Dickens, J. Ritchie, Baker, D. Cameron, Scherk and Holkestad.

## GRADS WIN BASKETBALL

EDMONTON, May 7: (CP)—Edmonton Commercial Grads defeated Vancouver Westerns by a score of 59 to 36 last night in the second game of a series, thus successfully defending their Canadian championship.

They had won the first game 48 to 47.

## Boarding House Charge Increase

Complaints have come to the dry dock management from Vancouver where the unions affected state that the boarding houses in Prince Rupert have jumped the price of board and room in this city ten dollars a month since preparations for shipbuilding here commenced. Formerly the rate was \$35 a month and now it is said to be \$45, according to the report.

It is suggested that, if this continues, the men may find it necessary to ask for increased wages or the company find it desirable to put in its own rooming and boarding house at the dock. An increase in wages would make it difficult to get a second contract for the dry dock and the erection of a rooming and boarding house would cut out the boarding houses almost altogether.

The matter was mentioned by the President of the Prince Rupert Chamber of Commerce at its meeting last night in an informal way and no action was taken in regard to it.

## BROOKLYN GOES BIG

Score Eleventh Victory so Far This Season in National League With But a Single Defeat

ST. LOUIS, May 7: (CP)—Brooklyn Dodgers continued their spectacular early season winning streak in the National League yesterday by scoring a 6 to 2 victory over the St. Louis Cardinals to make it eleven wins with but a single defeat since the start of the 1940 schedule. The league champion Cincinnati Reds kept pace in second position by routing the New York Giants 9 to 1. Chicago Cubs won a close 5 to 4 eleven-inning verdict over the Phillies while the Boston Bees won a free-hitting 10 to 7 victory over the Pittsburgh Pirates, leaving Pittsburgh, St. Louis and Boston in a three-way deadlock for sixth place.

In the American League the leading Boston Red Sox held off the threatening Cleveland Indians 8 to 5 while the Detroit Tigers, in third place, moved closer to the top by downing 9 to 4 the world champion New York Yankees who, still minus the hitting services of Joe DiMaggio, continue to get a bad start. St. Louis Browns won 11 to 9 over Washington Senators in a heavy hitting encounter and went into fourth place. The Philadelphia Athletics as a result of a close 3 to 2 win over Chicago White Sox, now lead the second division.

Yesterday's Big League scores:  
**American League**

## STATUS HIGHWAY

(Continued from Page One)

lar rate for cars going to the interior on the railway.

Report Of Committee  
Mr. Kenney's letter was handed to the chamber highway committee which reported on it as follows:

"Your committee doubt whether this is the right time to importune the provincial government for highway construction. The federal government is floating large loans for defence and war needs and the bond market may not be receptive to provincial loans. However, as a road construction loan might be floated, we recommend that a letter along the following lines be sent to Hon. T. D. Pattullo, with copies to Olof Hanson, M. P., E. T. Kenney, M. L. A., Mark Connelly, M. L. A., H. G. Perry, M. L. A., and Hon. C. S. Leary, Minister of Public Works:

"The necessity of completing the Northern B. C. Highway from Prince Rupert to Prince George has for many years been a matter of prime importance to Northern and Central B. C.

"In 1936 the provincial government classified this project as a No. 1 arterial highway and secured recognition and appropriation, on a fifty-fifty basis, from the federal government. All of this appropriation was not used. In 1938 the provincial government did not request aid from the federal government for this project, but in the following year, 1939, it was again recognized and assistance received for work east of U.S. known as Project No. 4. This contract is now completed and another small contract, Project 4-A, financed in full by the provincial government, is nearing completion. There remains approximately 25 miles of new construction between the east end of Project 4-A and Cedarvale to give connection between Terrace and Prince George. The Mannix Company who have had contracts on Projects 4 and 4-A will complete the job in time. They have heavy road building equipment on the ground, they

have their organization and we are credibly informed that if given a further contract they are willing to accept provincial bonds in partial or full payment.

"We, therefore, urge that immediate consideration be given to this project and that a contract be let for the completion of the above section in the interests, not only of Central B. C., but in the interests of British Columbia and Canada as a whole, having in view the great attraction an outlet to the coast at Prince Rupert

would be to the tourist trade. "Other major projects such as the Revelstoke-Golden Big Bend Highway and the King George Highway from New Westminster to Blaine were completed in 1939 with assistance from the federal government. We feel the time is opportune to go ahead with the northern arterial highway.
