When you smack your lips and say... F YOUR breakfast doesn't make your mouth water,

You'll get from your breakfast all the oomph you want!

KELLOGG'S FIRST FOR FLAVOUR SEY housewives and experts, too! In a recent survey across Canada - housewives reported their families preferred Kellogg's 5 to 1 as against any other brand of corn flakes mentioned. And the trained expert palates of tea-tasters, coffee-blenders, chefs, say the same. For instance, Mr. J. M. Cochrane, Superintendent of Hunts Limited, famous for their fine confectionaries, reports: "The conditions were strict, the test impartial, but there was no doubt of the result: Kellogg's rated first for flavour." Take a tip from the experts. And when you ear out, ask for Kellogg's in the wax-wrapped individual package.

I it can't give you the extra energy you need. So insist on Kellogg's Corn Flakes, the breakfast that does these three vital things.

First, the very thought of the glorious flavour rouses your sleepy appetite. Second, they are jam-packed with essential energizing "carbohydrates." Third, they help keep you going through hours of work.

So get several packages right away. Proven first in flavour, Kellogg's take only 30 seconds to prepare. Made by Kellogg's in London, Canada.
