1. The growth and prosperity of Prince Rupert is being hampered and retarded by the attitude of the McBride government in direct opposition, in order to serve the interests of the rival port of Vancouver.

2. That Prince Rupert can raise no voice of protest so long as she is represented in the legislature by the silent and obsequious William Manson.

3. That the said Silent William did once or twice gently purr in mere explanation of what this city was seeking from the legislature, but never sufficiently loud to wake up any other member of McBride's huge majority.

4. That even on Prince Rupert matters he always voted with the government.

5. That when a respectful petition was sent to him asking when the government wharf would be completed he never brought the matter before the house at all, and that this matter was brought directly before the house by the Liberal representative of another constituency, H. C. Brewster.

6. That with an able and energetic Liberal from Prince Rupert in the house, such as is Mr. Alex. M. Manson, the Liberal nominee, this city might shame the monopolists of political representation into giving at least a certain measure of justice.

7. That the Silent William never brought before the house the subject of the sale of government lots in Prince Rupert, but in default gives us his interpretation of what the premier is alleged to have said, namely, that the government was in the real estate business good and hard and as it had passed laws exempting taxation on these lots it could hold them without expense until the people had made them enormously valuable, and the people could go to.

8. That the Silent William is alleged to have presented a petition from the people of the city for a government wagon road around Kaien Island, and that as an ante-election statement he is now promising the road will be built, but he whispers in an aside that he does not know the amount of the appropriation.

9. That these are the things the Silent One claims to have attempted to do in the inter-

If you were conducting a private enterprise would you not demand a checking up occasionally, and see that you got it?

Why have the people not received an accounting of the expenditure of their money, and also of the revenues coming in? Is the McBride government crooked?

Premier McBride ran British Columbia into an election two years ago last November. He got all the seats but one or two. Now he is going to have another election. It looks like a habit. There is surely no need for an election, although his eagerness to spend unheard of sums of money does give a handy excuse.--Montreal Herald.

A new morning newspaper, in opposition to the organ of the ring, is to make its appearance tomorrow morning. It is to be antagonistic in every way, even to its title. It is to be called "Truth," and to be a supporter of the candidacy of Dr. Clayton. Its promoters state that the advertising patronage largely excels Lot on Market place; \$3,100. expectations.

There will be two Manson names on your ballot paper. Be careful to make the distinction between the McBride Manson, who has been tried and found wanting, and ALEX. M. MANSON, the people's candidate, and a true representative of Skeena riding. To save confusion at the polls put your cross opposite the name of ALEX. M. MANSON, which is the second name on the ballot, exactly as indicated thus:
