Papers Out Early During This Summer

It has been decided to get the Daily News out early during the summer months. That makes it very difficult to make changes in advertisements that come in late. All copy for new advertisements or for changes should be in the Daily News office the day before publication. Reports of overnight meetings for publication should also be in early, preferably the night before, to insure publication.

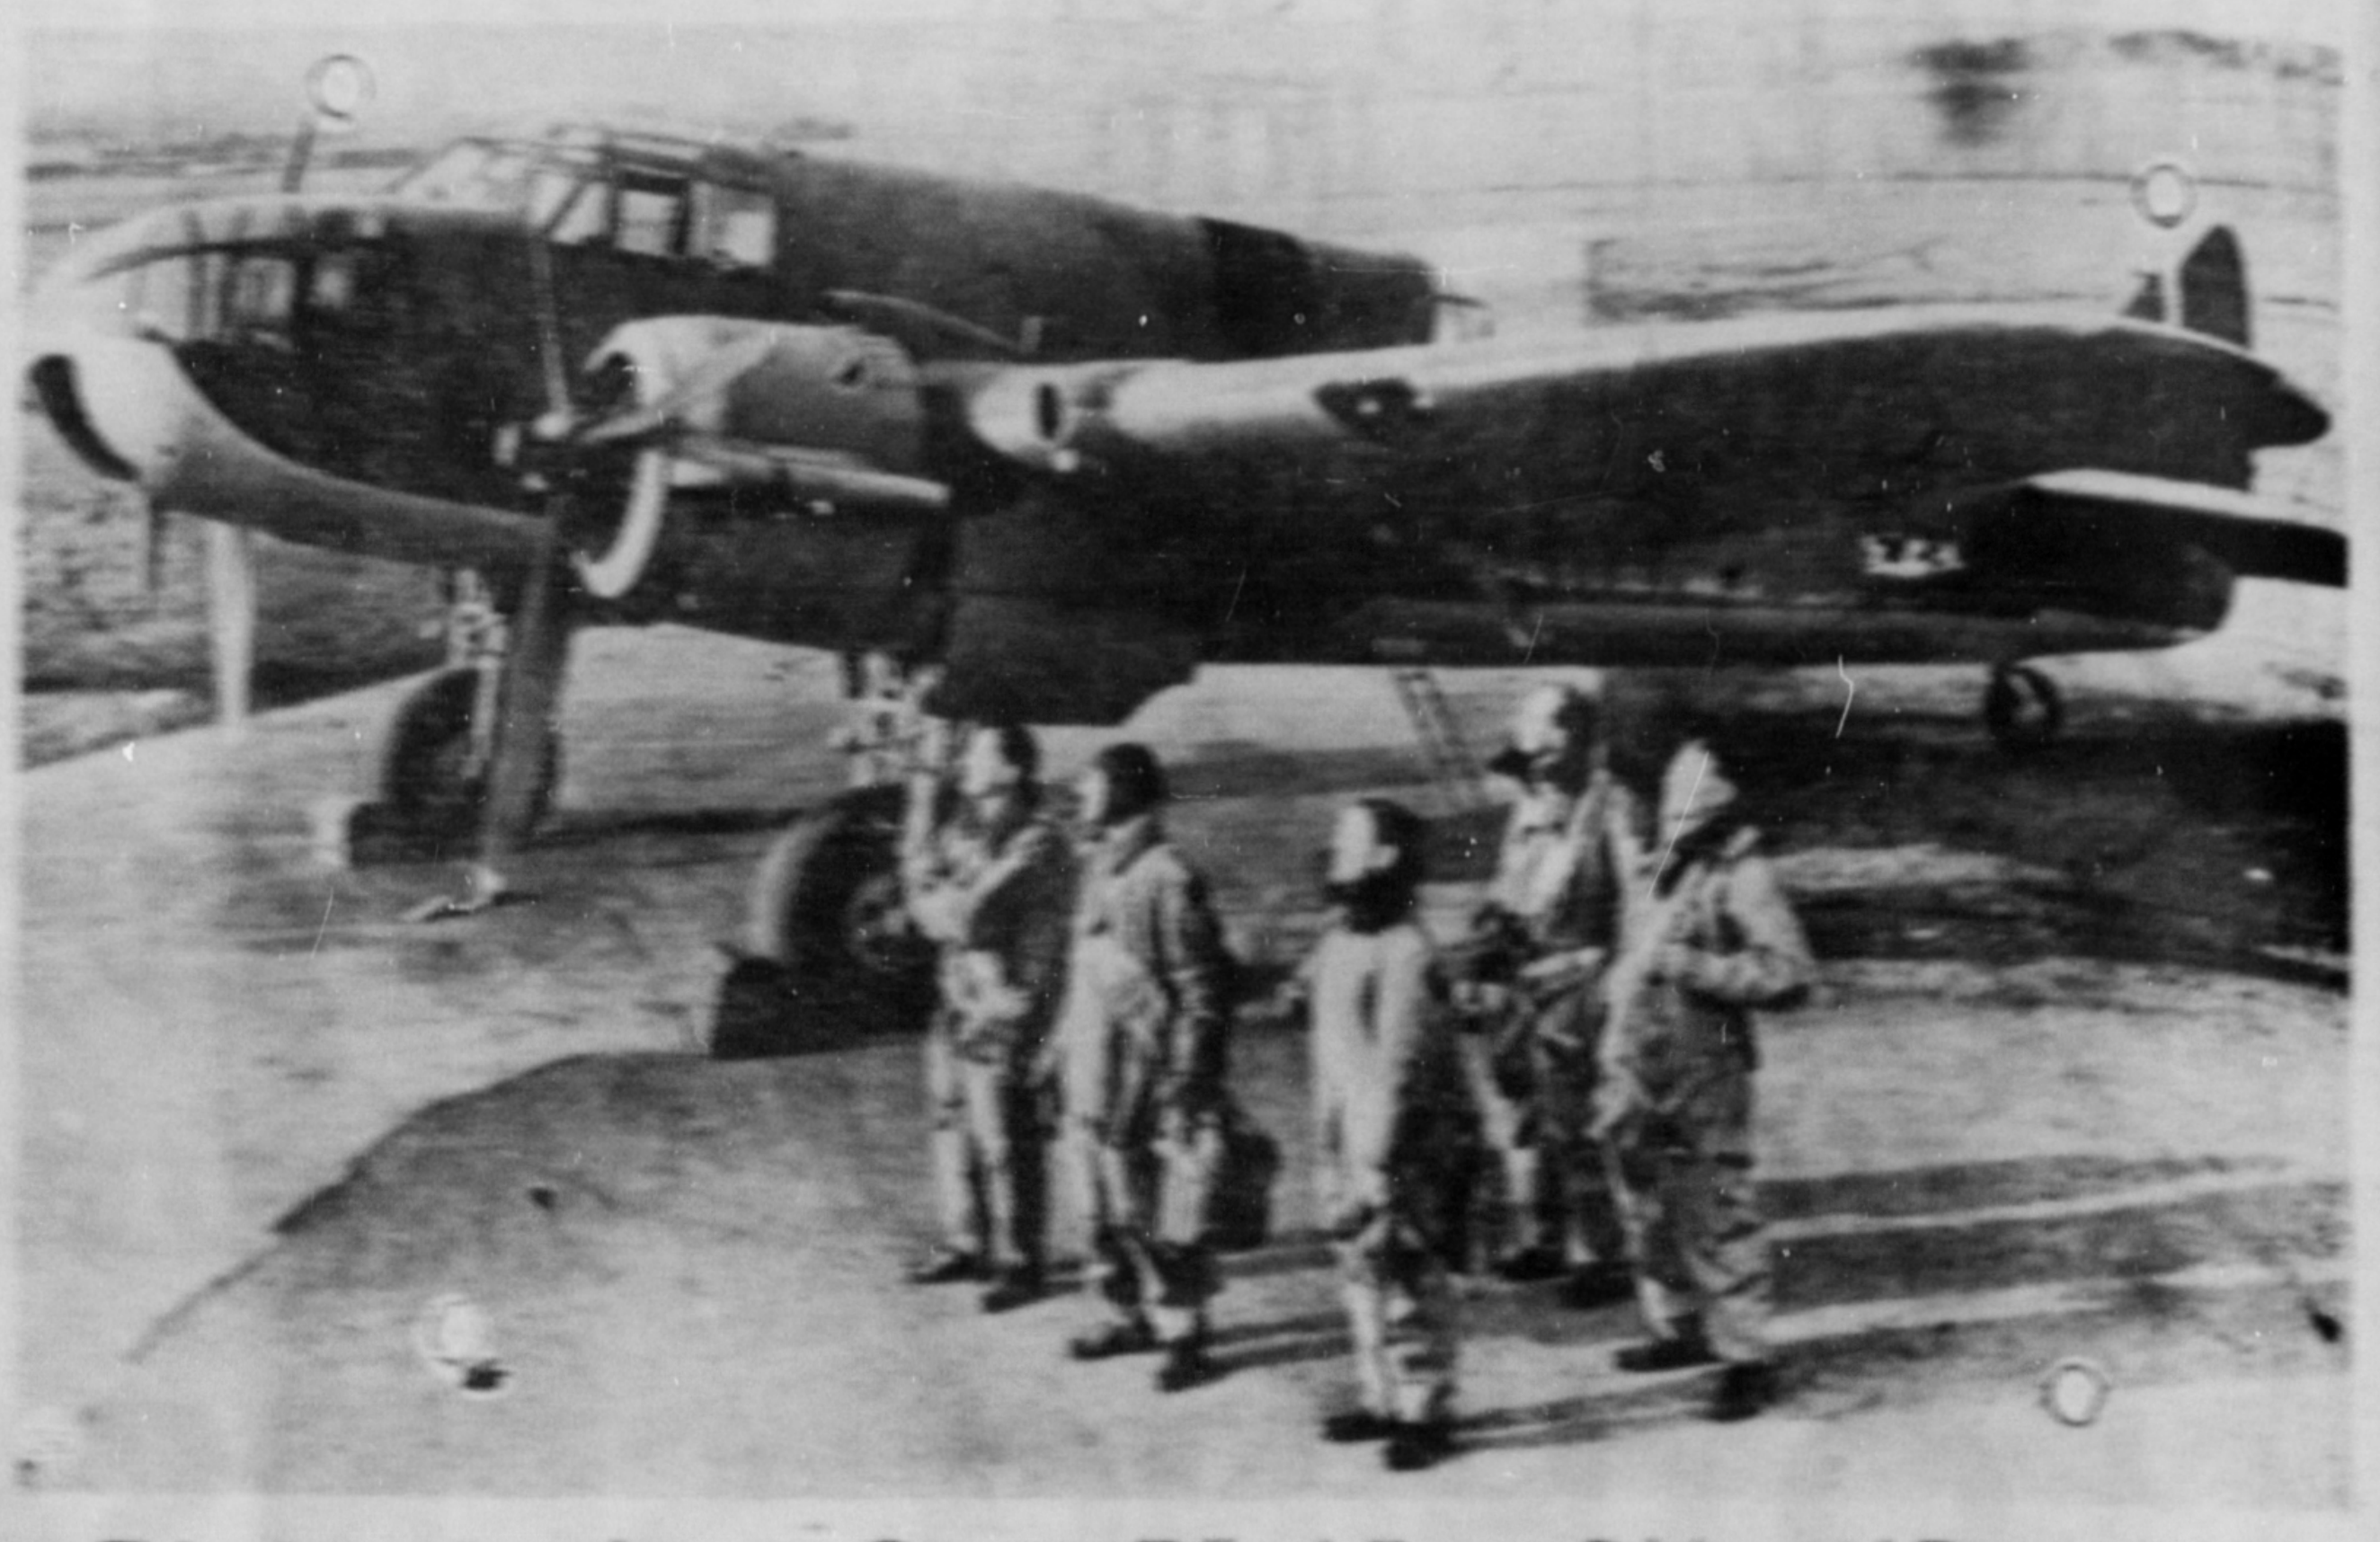
DOES TRIPLE DUTY AGAINST NAZIS



Flying in great numbers over Germany, Holland, Norway, Belgium and France combatting the enemy are Great Britain's aerial "triple threat" Bristol-Beaufort bombers. These planes are built to secret specifications but this much is known of them. They are armed with machine-guns firing from forward positions and from a power-operated gun turret in the tail. It is the fastest twin-engined bomber in operation and carries a crew of four. It is known as the "jack of all trades" inasmuch as it can be used as a long-range bomber, torpedo bomber or general reconnaissance plane.
