WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the
Morning Rarin' to Go

The liver should pour out two pounds of
liquid bile into your bowels daily. If this bile
is not flowing freely, your food doesn't digest.
It just decays in the bowels. Gas bloats up
your stomach. You get constipated. Harmful
poisons go into the body, and you feel sour,
sunk and the world looks punk.
A mere bowel movement doesn't always get
at the cause. You need something that works
on the liver as well. It takes those good, old
Carter's Little Liver Pills to get these two
pounds of bile flowing freely and make you
feel "up and up". Harmless and gentle, they
make the bile flow freely. They do the work
of calomel but have no calomel or mercury in
them. Ask for Carter's Little Liver Pills by
name! Stubbornly refuse anything else. 25c.
