JAIL TERM WITH FINE

Sentence Passed in Defence of Canada Case in Police Court

Fourteen days' imprisonment with fine of \$25 comprised the light penalty handed out to James W. Freers on Saturday in city police court under the Defence of Canada regulations for making a statement derogatory to the military forces. Magistrate McClymont, in passing the sentence, said that he was viewing the case in the light of certain circumstances, one of which was that accused had been under the

influence of liquor at the time he had made his remarks. His Worship wished to make it clear, however, that any further offences of such a kind would be more severely dealt with.

Frears accosted local soldiers in a beer parlor and ridiculed them for wearing the uniform. He also made disparaging remarks about the country and the government.

Frears expressed regret for having made the remarks, explaining that he had been under the influence of liquor and did not mean what he said.

After sentence had been passed, accused paid the \$25 fine and, having already served the time imposed, was released. W. O. Fulton prosecuted.

Mrs. Taylor, For Years Resident Of Atlin, Dies

Mrs. A. B. Taylor, who was a resident of Atlin for twenty-seven years, her husband having been Government Telegraphs agent there, passed away on Thursday last week at Victoria where she had lived for the past twelve years with her son, Norman Taylor, purser of the steamer Princess Charlotte which was in port Saturday afternoon. The funeral took place Saturday afternoon in Victoria.

Mrs. Taylor was seventy-three years of age and was born in Montreal. Two months' illness preceded her death.

Predeceased by her husband in 1928, Mrs. Taylor leaves six children to mourn her passing—Norman Taylor of Victoria, Mrs. Harry Mabley of Comox, Mrs. Walter G. Southam of England, D. B. Taylor of Vancouver, J. R. Taylor of Campbell River and Mrs. R. McCleery of Teslin.

Riding double on a bicycle at Eighth Avenue and McBride Street Friday night, Joyce Berg and Lorne Wanamaker crashed into a Ross Bros. taxi car. Both children sustained fractured noses and other injuries requiring hospital treatment. Considerable damage was done to the car.

BRITISH FILMS

MELBOURNE, Australia, June 24: (CP)—British films shown in Australia last year were more risqué than the American films, says Film Censor Creswell O'Reilly.

FINANCING OF GREAT WAR EFFORT PROVIDED FOR

(Continued from Page One)

INCOME TAX UP

With drastic increase in income taxation reaching virtually every earner, almost prohibitive taxes on automobiles and several new taxes, Col. Ralston asked tremendous sacrifices of the Canadian people for war purposes.

The new tax on automobiles starts at ten per cent on manufacturers' value up to \$700 and increases sharply to 80 per cent on value over \$1200. Col. Ralston said it was designed virtually to prohibit purchase of high priced cars and conserve foreign exchange.

Income tax rates are increased so sharply that a married man with no dependents paying \$36 on a salary of \$3000 at present rates now pays \$195. The exemption is reduced twenty-five per cent and rates are increased sharply.

A new national defence tax of two per cent flat rate is imposed on all salaries of over \$600 if unmarried and \$1200 if married, increasing to three per cent for salaries of single persons earning over \$1200.

A ten per cent tax is imposed on all imports (on value for duty) except commodities entering under British preferential tariff.

The excess profits tax is raised from fifty per cent to seventy-five per cent.

Tobacco Tax

The cigarette tax is raised from \$5 to \$6 per 1000, on manufactured tobacco from 25c to 35c per pound, on cigarette papers and tubes from two to five cents per hundred. On raw leaf tobacco there is a new tax of ten cents per pound. Cigar taxes are doubled and the tax on matches is increased one-third.

Other so-called sumptuary taxes include a new impost of ten per cent on phonographs, cameras, radios and radio tubes.

The tax on carbonic acid gas used in soft drinks is increased from two to five cents per pound and on rubber tires and tubes, now two and three cents a pound respectively, get a flat rate of five cents.

There is no change in the sales tax rate and widely felt apprehension of a tax being placed on gasoline was not realized.

Tariff changes are almost entirely restricted to technical amendments to facilitate the administration.

Dr. R. B. Brummitt and family left Saturday by motor on holiday for a month. While in Vancouver they will join with other members of the Brummitt family in celebrating the golden wedding of Mr. and Mrs. W. B. Brummitt, the parents of Dr. Brummitt.

ANOTHER STORY OF LIFE INSURANCE IN ACTION (True in every detail, except the name.)
LIVING POLICYHOLDERS RECEIVE 70% OF LIFE INSURANCE PAYMENTS
By owning life insurance, you don't have to "die to win". It's a significant fact that last year, nearly 70% of all payments by life insurance companies operating in Canada, were made to living policyholders. They thus received the benefits of their own life insurance during their life-time.
