**Highest Railway in the World
Just Completed in Bolivia—
Pretty Steep Grades Down
There—Cost \$13,750,000.**

Messages from Chile announce that the great railway across the Andes from Africa in Chile to La Paz in Bolivia was completed on Monday when the rail ends near the Chile-Bolivian frontier were joined. The line is 270 miles in length. The contract price was \$13,750,000. The work has taken less than three years, despite the difficulties presented by the nature of the country which the line traverses. In the first fifty or sixty miles the train way

crosses a desert, then it crosses the Andes, while the last 200 miles or so are over high tableland. Many short tunnels had to be constructed.

Sir John Jackson, head of the English firm which built the line, says it is the highest in the world. The line gives Bolivia a much shorter route to the Pacific coast. It was constructed for the Bolivian and Chilean governments in accordance with treaties signed in 1904.

Canada has the largest consecutive wheat fields in the world 900 by 300 miles.

Canada has the most prolific and extensive sea fisheries in the world.

Canada has the largest nickel mines in the world.

Canada has the largest mountain park system in the world, of over 15,000 square miles.

**RUTHLESSLY
DESECRATED**

**Cathedral of Pisa Pillaged by
Vandalistic Burglars—Corpses
of Bishop Stripped of Rich
Robes.**

Burglars succeeded in unlocking the doors of Pisa Cathedral the other night and stole many valuables. These included three ancient lamps and a crucifix of solid silver. They stripped the corpse of Bishop Ranieri of a very valuable gold robe, mitre, ring and a cross and chain. They also damaged paintings and altar pieces in an attempt to detach them from the frames, and scattered the consecrated wafers on the floor. The cathedral has been closed until it can be consecrated again because of the desecration.

**Railway Builder Believes Great
Communities Will Settle on
Peace River, a Tributary to
Prince Rupert Trade.**

Mr. Timothy Foley, of the great Canadian railroad firm of Foley, Welch & Stewart, who makes Winnipeg his headquarters, is thoroughly conversant with the development of the entire Canadian west from the Great Lakes to the coast.

"There is a great work of colonization and community building to be carried out in the Peace River country in the next dozen years," said Mr. Foley. "Settlers are already rushing into that country in advance of all indications of completed railroad communication, and in a few years British Columbia and the prairie provinces will enjoy the added prosperity resulting from the opening up of a great new section of the Canadian west."

**WHO DO YOU
WORK FOR?**

Do you have anything left
for yourself at the end of
the month, or do the grocer,
the butcher, the baker, the
coal man and so on get
it all?

If so, then you are living
wrong. Did you ever think
of the soil as an avenue of
escape from this high cost
of living?

Buy a few acres of land
where you can raise your
own vegetables, and some to
sell besides; where you can
supply your table with poultry
and eggs, where you can
grow your fruit, where you
can have a cosy home in the
fresh air and sunshine, with
no rent to pay.

This spring is the time to
act. See me about
