## 25th Anniversary Sale FROM MARCH 4th. TO MARCH 9th.

In celebrating our 25th Anniversary our first thoughts are those of appreciation for our many thousands of loyal patrons who have been dealing in our stores for so many years.

New Westminster was our first store to be opened on March 15th, 1915, in its present location, and today we are very proud of the fact that we can claim to have many of our original customers who have dealt with us faithfully since the first day we opened the store. To them we would like to announce publicly that we do sincerely appreciate their loyalty, and the confidence that they have placed in us.

We also acknowledge the fact that we have thousands of similar friends and patrons who have entrusted their food purchases to us in the many towns throughout the Province where we have opened stores in more recent years. We are very grateful for your support and in no less a measure sincerely thank you.

Our aim in business is to place before our patrons the best quality merchandise procurable at consistently low prices. We have the advantage of buying in very large quantities, which assures us of the lowest prices being offered by the manufacturers.

Our teas and coffees are imported by us direct from the country of growth, which eliminates even brokers' commission and assures us of the very lowest prices on these important lines, and with regards to our tea and coffee there is no higher grade imported into Canada than can be found in our stores.

Overwaitea is entirely a home product, our articles of association do not permit the sale of shares to other than employees of the company, consequently over 70 per cent of our employees are shareholders, which contributes largely to the co-operative and friendly atmosphere you find existing among the staff in all our stores. They also participate to a great extent in a division of profits. During our anniversary week we are offering to our many thousand patrons really outstanding values in merchandise, and we invite you to participate to the fullest extent. Much of the merchandise being presented during the sale cannot be replaced at prices now offered owing to advanced markets which is attributed to the present conflict which we are now engaged in.

Again we thank you for your loyal support that we have enjoyed and appreciated through the years, and assuring you that our efforts for the future will be to merit a continuance of your good-
