Find It Through a News Want Ad.

Behold— an Advertisement!

I CAME into being as the spoken language came: slowly, gradually, and to meet an urgent need. I have been worked for evil, but mostly I have worked for good. I can still be worked for evil, but each day it grows more difficult so to do.

I am at once a tool and a living force. If you use me wisely, I am a tool in your employ. If you misuse me, my double edge will injure or destroy you. If you do not use me, I am a force that works ever against your accomplishment of the aims and purposes that animate your business.

I speak a thousand tongues and have a million voices.

I am the ambassador of civilization, the handmaiden of science, and the father of invention.

I have peopled the prairie, and with my aid commerce has laid twin trails of gleaming steel in a gridiron across the continent and stretched a network of copper into the far corners of the globe.

I am the friend of humanity—for I have filled the commoner's life with a hundred comforts denied the king of yesterday.

I have brought clean food, healthful warmth, music, convenience, and comfort into a hundred million homes.

I laugh at tariffs and remake laws.

I have scaled the walls of the farmer's isolation and linked him to the world of outer interests.

I build great factories and people them with happy men and women who love the labor I create.

I have made merchant princes out of corner shopkeepers and piled the

wealth of a Monte Cristo into the laps of those who know my power.

I am a bridge that cancels distance and brings the whole world to your doors, ready and eager to buy your wares.

I find new markets and gather the goods of the world into a handful of printed pages.

I fathered the ten-cent magazines and the penny paper.

I am either the friend or the foe to Competition—so he who finds me first is both lucky and wise.

Where it costs cents to hire me yesterday, it costs quarters to-day, and will cost dollars to-morrow. But whoever uses me had best have sense; for I repay ignorance with loss and wisdom with the wealth of Croesus.

I spell service, economy, abundance, and opportunity; for I am the one and only universal alphabet.

I live in every spoken word and printed line—in every thought that moves man to action and every deed that displays character.

I am Advertising.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503, Lansden Building, Toronto. Enquiry involves no obligation on your part—so write if interested.

PRINCE RUPERT WILL SOON HAVE ANOTHER LARGE WHARF

CONSTRUCTION TO BEGIN IN FEW DAYS AND IT IS DOLLARS TO DOUGHNUTS IT WILL BE IN OPERATION LONG BEFORE GOVERNMENT WHARF.

Car ferry service between here and Ocean Falls is what is promised in the immediate future by A. J. Burroughs, northern manager of the Lester W. David Company of Ocean Falls. And Mr. Burroughs is not a politician talking through his hat for election purposes, but a keen business man.

The present trip of Mr. Burroughs is for the purpose of picking out a wharf site for his company. He says that the company is offered the choice of three available sites and the decision will be made in a day or two. As work will begin at once this means the employment of a number of men, who will not be called upon to give election pledges.

The wharf is only part of the

company's plans for Prince Rupert. They are to have dry kilns and planing mills here, and supply everything in the way of building material. The car ferry will bring raw material and supply Prince Rupert until the railway is completed; then the company will ship from here and have open yards and offices in all the towns between here and Edmonton and perhaps beyond.

Mr. Burroughs was formerly manager of the Westholme Lumber Co. here, and in regard to the company's outfit at Ocean Falls he says they are now employing six hundred men, which number will be increased as the business extends; that their fir mills are the farthest north and now have a capacity of no less than 400,000 feet daily.

SHOT OFFICIALS OF THE COURT

Terrible Tragedy in Town of Virginia—Friends of Prisoner Shoot and Kill Judge, Sheriff, State Attorney, and Escape.

Hillsville, Va., March 18.—Just as Judge Massey had sentenced Floyd Allen to one year in jail for aiding in the escape of a county prisoner, two of Allen's brothers and several of the prisoner's friends opened fire on the court, killing the judge, the state's attorney, Foster, and Sheriff Webb and wounding several jurors. The Allen's, with the prisoner and their friends, backed out of the court room behind their revolvers and escaped on horseback. They have taken refuge in the mountains. The flame of unprecedented outburst has aroused the state, and a general pursuit has been instituted.

AMERICAN COAL STRIKE

Three Hundred and Fifty Thousand Men Likely to Go Out.

(Special to Daily News.) Cleveland, March 21.—A wage discussion between representatives of the operators and of 300,000 union miners in the bituminous coal fields of Western Pennsylvania, Indiana and Illinois was held yesterday, but every effort to avert a possible strike failed. The prospect of the mines being closed after the first of the month, pending a new two-year agreement, is said to be imminent. If the strike occurs it will extend to at least 350,000 miners.

DUKE AGAINST DOCKING

Governor General of Canada Speaks Before Humane Society.

(Special to Daily News.) Ottawa, March 21.—"I think the docking of horses' tails is a relic of barbarism. Dealers may not agree with me and say horses sell better when they are docked. I think it a shame to deprive a dumb animal of the tail which God has given it." This was the decision of the Duke of Connaught at the annual meeting of the Ottawa Royal Humane Society.
