Australia Wants Movie Millions

Commonwealth Asking Hollywood For 50 Per Cent of Talkie Royalties

CANBERRA, Australia, May 3: (CP)—The Commonwealth government plans drastic reductions in the \$4,000,000 now annually sent to the United States as proceeds of royalties and other fees in the Australian motion picture industry.

The reductions are being planned as a part of a government plan for conservation of the dollar exchange which is needed for the purchase of armaments from the United States.

The Commonwealth is empowered under the National Security Act to prevent transmission abroad of any profits made in Australia by foreign corporations. However, negotiations are proceeding between the government and the Hollywood motion picture industry by which it is hoped a voluntary agreement will be reached for the reduction of normal remittances by 50 per cent.

Says Grand Opera Needs The Needle

Woman Symphony Pianist Bored by The Heavier Tuneful Dramatics

WASHINGTON, May 3: (CP)—Frances Nash, the concert pianist who plays with nearly all the important symphony orchestras in the United States, "hates opera."

"I shrink when anyone suggests we go to the opera," said Miss Nash, who in private life is the wife of Brigadier General Edwin M. Watson, secretary to President Roosevelt.

In her opinion, what grand opera needs is a shot in the arm, something like "Porgy and Bess," the late George Gershwin's portrayal of American folk lore.

Miss Nash, however, thinks her critical attitude, "from the popular viewpoint" must be wrong. "I feel sure I am when I see how people turn out for second, third, even tenth-rate opera performances. But I still don't like opera. It bores me."

Trained for music in Europe, Miss Nash has toured the United States and South America in concert. She

has appeared with symphonies in Philadelphia, Boston, Chicago, St. Louis and Detroit.
