#### Up a Blind Alley?—or—Out in the Open! It is time for plain speaking. Dr. Manion's pretence Mackenzie King offers you something entirely in of offering "national" government is sheer political the open . . . the most truly National government deceit. Because: even if he were elected to office, Canada has ever known. His parliamentary

Dr. Manion could not organize or lead a truly national government. The parliamentary group which might follow him would fail to represent all Canada. It would not represent the people of the national Liberal party. It would not represent the people of the C.C.F. party. It would not represent the people of the historic Conservative party which Dr. Manion has now scuttled.

Mackenzie King?

Do not be deceived! Dr. Manion cannot give you National Government. The best he might give you would be government by unknown followers. He invites you to follow him up a blind alley-to vote for a government of his own imaginationanswerable to some undisclosed political group.

The Responsibility is Now Yours

Canada is facing the greatest crisis in her history. It is YOUR responsibility to say how she is to deal with this crisis. Therefore: when you go to the polls on March 26th you should consider only what is best for Canada - what is best for the Empire and our allies - what is the sure, direct road to Victory and Peace.
