THURSDAY, MARCH 25

IT'S ALL OVER BUT THE SHOUTING.

The Liberals all over the riding have worked most manfully and are certain this evening to be rewarded by seeing a large vote rolled up for their candidate. The disadvantages under which they have worked are too many to be told. Everywhere there were emissaries of the Ring specially instructed to throw obstacles in their way, but most of these obstacles were overcome. Prince Rupert will cast a large vote for Liberalism because her voters are independent and able to defy the Ring. This large vote will be a great advertisement for our new city. Not only in the province but throughout the whole Dominion, when the people read the returns tomorrow morning, there will be a spontaneous hurrah for Rupert.

Elsewhere, too, the Liberals have been working strenuously and it is confidently believed that at least a dozen Liberal members, exclusive of the one from this riding, will sit in the next legislature. This will constitute a fair working minority, sufficient in numerical strength to force the government to "show its books"; to show where our money has gone to, and why.

But in not one of these successful constituencies will its citizens have such paramount reasons for triumphal joy as Rupert, for in the election of Alex. M. Manson we shall see the local pestiferous ring smashed to smithereens.

How do you like The Daily News as a morning newspaper? This evening it will be a late evening paper; very late in all probability, because we hope to get nearly all the election returns in before we go to press.

Business enterprise meets its just reward half way.

"Alex. for luck" has long been a popular expression.

You will not fail to see that superb work of art entitled "The Finance Minister Clear Starching the Spine of the Supreme One" if you go to vote.

"Politics won't build up our city."—The Empire. Certainly the politics of a real estate government will not, when it holds its lots free from taxation until citizens have made them valuable.

"What's the use of spilling the city's interests for politics?"—The Empire. That is exactly what we say. Send a man to Victoria and not a mouse.

"Empty gasoline cans will be in evidence tomorrow night, with the Boy Scouts in command."—The Empire. Again we agree with you most heartily, and those Boy Scouts will be shouting "Hurrah for Alex."

"If we all studied the interests of Prince Rupert as carefully as we study politics, William Manson would secure an unanimous vote tomorrow."—The Empire. When Mr. Newton was studying the city's interests at the time Manson was mayor he threatened to resign because the Mayor, Manson, studied politics too closely and against the interests of the city. When Mayor Newton began to study politics again he became a belligerent Ring Smasher. His course was admirable and emulatory—as long as it lasts.

William Manson will lose his election deposit.—Dr. Clayton.

The local Conservatives can cook up a convention, but they cannot cook up a constituency.—Dr. Clayton.

We are living under a political inquisition.—Dinning.

William Manson is afraid to meet Alex. Manson. William cannot face the exposures which he well knows are true.

William Manson continued his commandering tactics in the interior. He commandeered teams and hand cars.

William Manson a wet nurse for McBride.—Clayton.

Conservative machine in Skeena district worst any civilized country ever cursed with.—Clayton.

The appropriations for Skeena under William Manson's retinue are not nearly as large proportionately as under the term of Dr. Kerwin.

The McBride government has subsidized a half dozen railways in the south and none in the north.

William Manson did not even so much as suggest a subsidy for railroad from Stewart to Groundhog Mountain.

The Sun has not yet set upon the McBride government, but it is late afternoon.—Vancouver Sun.

William Manson was tried as member of Alberni and made a failure, the same as he has done in Skeena.

William Manson fell down as Mayor of Rupert. He did not make good.

William Manson has been a complete failure as a member for

Skeena, so why return him? Vote for Alex. Manson and advance the interests of Northern B.C.

Mayor Newton has turned over so many times that he has no square sides on him.—Alderman Montgomery.

Dr. Clayton says that he is sick of some of the McBride policies; that the people of Skeena are entitled to \$1,500,000 instead of a paltry \$321,000 appropriation.

There is something lacking in William Manson; he is not qualified to represent this growing constituency. To advance the district you will put your cross after the second name on the ballot paper—Alex. M. Manson is the one to vote for.

By every hook and crook the machine is attempting to over-ride the voters of Skeena. The people are awake to their own interests and are solidly in favor of a clean, honest, representative candidate like Alex. M. Manson.

To the Voters of Skeena:

The Liberals of the Skeena district are in this fight as a protest against the McBride-Bowser administration, in that:

Settlement of the land is being held back by the selling of Crown lands to speculators, and the impossibility of finding out what land is still open for pre-emption.

The credit of the province has been pledged to build railways which parallel other roads, while the northern portion of the province with its vast resources only awaiting railway facilities to develop them is left almost entirely unprovided for.

The government has alienated large areas of the timber of this district, disposing of one of our most valuable assets, and does not return adequate improvements for the money received, but has squandered it for the purpose of making itself secure politically.

The present system of taxation is onerous and unjust. The control of the police and license commissioners in the hands of the Attorney General is used for political ends. The civil service has been seduced and has become the most contemptible of all political machines.

The election has been forced on the country without any necessity of the same and without sufficient notice being given.

No audit of the public accounts has been made.

The Liberals of the Skeena district believe that the justice of their cause will appeal to every independent voter and are not trying to obtain votes with either cigars or beer, nor do they consider it necessary, in order to secure YOUR support, to hire conveyances to drive you to the poll. IT'S UP TO YOU.

LIBERALISM
IN VICTORIA

Independent Conservatives Deserting Their Party and Assisting to Return Two Liberal Members to Next Legislature

(Special to Daily News.)
Victoria, March 25.—As the time draws near to election day prospects for a return of two of the Liberal candidates increase. There is found by party workers a strong body of opinion among Conservatives that there should be effective opposition, and as they have no doubt as to the victory of the government generally they are all the more inclined to drop the two weaker members of the Conservative ticket and give those votes to Liberal candidates.

TREAT M'BRIDE
LIKE MANSON

Premier Failed to Warm Up Conservative Meeting at New Westminster but Liberal Candidate Was Applauded.

(Special to Daily News.)
New Westminster, March 25.—Although Premier McBride spoke before a Conservative audience, or one that was supposed to be in the New Westminster theatre last night, his reception was lukewarm, while that of Mr. Geo. Kennedy, the local Liberal candidate, was enthusiastic. The failure of Mr. McBride to arouse the enthusiasm of his audience was the subject of much comment.

IMMIGRATION RUSH

One Line Will Bring Two Thousand Five Hundred Weekly.

(Special to Daily News.)
Montreal, March 27.—As an indication of what a rush of immigration there will be this season is the statement of the Canadian Pacific Railway steamship officials that all the second and third class accommodation on all their steamers has been booked till the middle of May. This means that 2,500 will arrive weekly on this one line.

Fort George

YES, SIR! FORT GEORGE! McBride will be in power again, and it simply means that the future of FORT GEORGE is assured. The Vancouver-Fort George Railway is going to be built in three years, if not earlier, others will follow before long. It is really time to hurry up if you want to get hold of something there. Don't tick about waiting for the G. T. P. train. The selling of the RAILWAY COMMISSION has settled that question, the proper location for the DEPOT is at the boundary of the Indian Reservation and OVER TOWNVILLE, and as you know a town grows naturally westward. Fort George could not grow east, however, for there is the Fraser River. LOTS as well as FARM LANDS are selling very fast now, and after APRIL 15TH, 1912, PRICES in the residential section WILL BE ADVANCED \$24.00 per lot. The G. T. P. will be at Fort George by this FALL! Get in now before those TEN remaining days are over. We have some good business property for sale, don't delay before we raise the price. Fort George today is like Prince Rupert three years ago. If you have missed the opportunity then in Prince Rupert, be wiser about Fort George. Drop in to see me, it won't cost you anything, and you may learn some interesting facts.
