CHRISTIAN SCIENCE IS EXPOUNDED

Lady Lecturer From Los Angeles Explains Inner Truths of Bible According to "Divine Science"

Mankind is faced with problems today that need to be solved, according to Florence Middaugh of Los Angeles, member of the Board of Lectureship of the Mother Church, the First Church of Christ Scientist, Boston, Massachusetts, speaking in the local Christian Science church last night. Christian Science explains Jesus' method of solving them by recognizing divine Mind as the only intelligence and that Truth succeeds where error must always fail. Nothing can bring right results but right motives, spiritual consciousness and a complete dependence upon God. The world is asking for a way out of its difficulties and it is asking for something that only the understanding of God can give.

Mrs. Middaugh, who is a very clear speaker and has an interesting and attractive personality, explained that Christian Science is teaching mankind the difference between material development and spiritual growth. It is turning thought from the contemplation of material development comes from a false concept of God, conceived by the material senses—the five physical senses, that testify to a material personality and mind in matter.

Spiritual growth is not dependent upon educational, vocational training, personal influence, opportunity, prestige, or wealth. It is the unfolding of spiritual ideas in human consciousness. It is the awakening from material beliefs to an understanding of God. It is a

mental process, involving thoughts, not things, and can be realized here and now.

Erroneous Conceptions

Mrs. Middaugh went on to say that because of erroneous conceptions about Christian Science, some may hesitate to accept its teachings. One may have formed a false concept by accepting a prejudiced opinion that would misrepresent the teachings of Christian Science either through ignorance or malice. Then, too, because the name is new, some may believe that its teachings are new, and different from the Christianity presented in the Bible, and taught by Jesus to his disciples. Many of the vital elements of this demonstrable Christianity had been lost to the world or considered impractical. Among other things, Mrs. Eddy has restored the healing of disease, and has revealed that it was a natural, spiritual law which governed the so-called miracles of Jesus. She proved, and students of Christian Science all over the world are proving, that this divine law, governing every activity of man, is just as potent today, and just as ever-operative, as in Jesus' time.

One may ask, said the lecturer, "How can I know that I have found the truth in Christian Science?" Obviously, by its fruits. One has but to look about him today to see the results of Christian Science. One cannot fail to see the fruits if he is willing to look, and wants to see. Thousands of testimonies, both verbal and printed, every day pour forth from grateful hearts, for there is no part of the Christianized world today where the light of this truth does not shine. The Bible has been illumined, and has become the textbook it rightly should be. It has been brought into active use in thousands of homes.

When one earnestly and honestly seeks to know what is his part, in helping to improve national and international affairs, he must realize that first and last, just as in his own business, his work lies in his own right thinking. His part is to start and continue with scientific right thinking within his own consciousness.

Concluding, the speaker quoted the word of the lawyer to Christ: "What shall I do to inherit eternal life?" Jesus gave him his answer in the first two commandments: "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength; and with all thy mind; and thy neighbor as thyself"; but to this also he added another responsibility in order to really find the answer to his question: "This do, and thou shalt live."

D. P. Miller introduced the speaker.

LOCAL NEWS NOTES

Canadian Legion B.E.S.L. Executive meeting Monday. General meeting Wednesday. (158)

Mrs. Richard Long and son, Bobby, sailed last night on the Princess Adelaide for a trip to Vancouver.

Andrew Thompson and daughter, Miss Jean Thompson, sailed last night on the Princess Adelaide for a trip to Vancouver.

Moose Ladies' Tea And Sale

Successful Affair Held Yesterday Afternoon At Home Of Mrs. Ole Stegavig, Hays Cove Circle

The home of Mrs. Ole Stegavig, 134 Hays Cove Circle, was the scene yesterday afternoon of a successful tea and sale of home cooking by the Women of the Moose. Favored by good weather, there was a large turn-out at the affair, the many guests being received by Mrs. Stegavig and Mrs. Sam Horgan, the senior regent. The latter was also general convener.

Mrs. Sam Haudenschild was convener of the tea room, being assisted by Mrs. A. B. Storrie, Mrs. W. R. Overend, Mrs. W. Field and Mrs. P. Peterson. Serviteurs were Mrs. Richard Giske, Mrs. Thomas Morgan, Mrs. Wilson, Mrs. R. Adcock and Mrs. P. Dolron. Acting as cashier and also in charge of raffles was Mrs. Harold Davey.

Mrs. Hugh Smith was convener of the home cooking sale, being assisted by Mrs. W. V. Tattersal. In raffles a hostess set, donated by Mrs. A. Peterson, was won by Jackie Horgan and a cushion, donated by Mrs. Richard Giske, was won by Mrs. T. O. Morgan.

6-ROOM HOUSE—On Taylor Street. 3 bedrooms. Fully modern and sewer. In good condition. Cash \$1600 or \$1800 on terms.

RED CROSS IS ACTIVE

A large number of Prince Rupert women are doing their bit of Red Cross work. The last two weeks have been very busy. A real effort is being made and gratifying cooperation is being shown by the public generally.

New units are being formed to affiliate with the local branch not only in town but in outlying districts.

The local Anglican unit which has only been functioning for about three weeks has produced 71 articles. In these were included nine dressing gowns of excellent workmanship.

Metlakatla has turned in 78 pairs of socks, 7 sweaters and 2 pairs of knee caps. Of these articles Mrs. J. A. Prevost and Mrs. William Campbell were responsible for 41 pairs between them.

The local Japanese Mother's Union has made 33 pairs of socks. The work returned by both of these units is of very high standard.

Word has been received from the Red Cross overseas committee to the effect that the Society is receiving requisitions from army officials at Aldershot for Red Cross supplies and that the men prefer Red Cross socks to those of any other society because they are more comfortable — even more comfortable than army socks which are machine knitted.

Included in the second shipment of last month to the provincial warehouse which went forward on June 21 were 161 articles of hospital supplies, 116 knitted articles and 61 refugee articles.

The following donations for refugees have been received: Edward Lipsett Ltd., 2 pairs new double blankets. Mrs. H. T. Cross, 2 pairs used double blankets. Mrs. W. H. Goodsell, 1 used single blanket.

Are Married At Cathedral

Well Known Couple United When Miss Mary Raabe Becomes Bride of Desmond Robert Agnew

A quiet but interesting marriage took place at 8 o'clock last evening in St. Andrew's Anglican Cathedral, Very Rev. James B. Gibson, the dean, officiating, when Miss Mary Joanne Moxley became the bride of Desmond Robert Agnew. Miss Eleanor Moxley was the bridesmaid and Sergeant Leonard Raabe was groomsmen. The bride was given in marriage by her brother, Carl Raabe. Peter Lien presided at the organ to provide marital music.

After the ceremony, the occasion was suitably celebrated. The couple are well known and popular and will have the hearty congratulations and best wishes of many friends.

Announcement

I, Norman Storvik, wish to announce that I will not be responsible for debts incurred by any other person than myself.

Judge W. E. Fisher sailed last night on the Princess Adelaide for a trip to Vancouver and Victoria.

Mr. and Mrs. J. S. Irvine left yesterday for Lakelse Lake where they will spend a two weeks' vacation.
