## EDITORIAL

### VERY SATISFACTORY

Due to the number of protests from all over the country the Dominion government has refused to grant export licenses for Canadian wheat to be shipped to Russia. This is very satisfactory but we cannot understand how any one could have thought of shipping wheat to that country just now. They must have forgotten that we are at war.

### THE COMING SESSION

The coming session of Parliament will give an opportunity to critics of Canada's war policy to speak their mind. If they think the government has been too slow in its preparations, we hope they will say so and say it clearly. Also the awarding of contracts should come in for scrutiny. Possibly Olof Hanson will be able to find out why Prince Rupert is omitted from the list of those who tendered at a commercial rate on ship building. Possibly the information will have to be secured from the heads of the railway company. It is suggested here that Vancouver officials were instructed not to tender in such a way as to secure contracts.

### JUST PUNISHMENT

All the Russians are getting so far from their invasion of Finland is punishment. They are getting plenty of it. They have driven part way across the centre of the country but they seem to have gained nothing from it. The troops evidently are wishing they were out of the country.

The probability is that news of the ferocity of the Finn attacks has been bruited around the country until the Russians have no heart to fight. At any rate, in spite of their numbers, they are not making any headway. Possibly they now realize their cause is unjust.

### THE NEWSPAPER AUDIENCE

Every day except Sunday the newspapers of Prince Rupert have a few words of encouragement or admonition for their readers. We estimate that this paper has something like six thousand readers of the two thousand copies it distributes each day. While not every newspaper reader turns to the editorial page, a good percentage do.

The average congregation in the local churches is less than one hundred, on Sundays only and possibly a few on some evening of the week. The newspaper editor therefore speaks to twenty times as many people as does the clergyman and does it much oftener. We feel very strongly the responsibility of this position in the community. Yet we have only a brief period each day to devote to preparation of the messages. We are occasionally told that they are appreciated and sometimes we are told that we have stepped on someone's toes. We should like to hear from our congregation oftener but they show their appreciation best by paying for the paper when the subscription becomes due. This they are doing in increasing numbers.

### RIVER OF TAR

STOURTON, England, January 25 (CP)—Three men working in the shadow of a tar storage tank here ran for their lives when the tank wall burst. Inside were 5,000 tons of crude tar, oil and acids, which swept on like a river.

## KISS YOUR TIRED FEELING GOODBYE!

Pepples Many Suffer Low Blood Count—And Don't Know It.

The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet—you can feel as if you had lead in your legs, dopey, tired and peppy.

Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car, and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.

Get Dr. Williams' Pink Pills today. They are world-famous for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams' Pink Pills today.

## SPORT CHAT

As a result of the playing of this week's league games a three-way tie now exists for the leadership of the Ladies' Bowling League with Big Sisters, Knox Hotel and Rex in the deadlock. The three teams have a two-point lead now over Annette's, who are next in the standing, but the whole situation may very well change at the end of the second third of the season's schedule.

## Whifflets From The Waterfront

Herring are still scattered in Prince Rupert Harbor and consistent seining results are, apparently, not to be obtained as yet although on Tuesday night the seiner Percy W. pulled out forty-five tons of the fish for the Nelson Bros. Fisheries Ltd. reduction plant at Tucks Inlet.

## SKIDEGATE

The Skidegate Social Club held its usual Saturday night bridge with a number of tables in play. Some played Chinese checkers, others, other interesting games. Ladies' first prize for bridge was won by Mrs. Turner; men's first, by George Turner, and consolation by Mrs. E. C. Stevens. After the bridge the crowd enjoyed dancing and refreshments until midnight. Two of the boys from the village orchestra donated the music for the evening.

A very enjoyable Leap Year dance was put on by the Skidegate Social Club. The dance was made much more interesting by having a few "Ladies Choice" dances in view of Leap Year. Refreshments were served at midnight and the dance continued till 2:30 a.m. Snappy music was supplied by the Harmony Boys of the Mission.

## Unusual Affair At Ocean Falls

"Winter Cruise" Has Colorful International Aspect—Many Take Part

OCEAN FALLS, Jan. 25—"A Winter Cruise" was the name given an unusual entertainment held last Thursday under the auspices of the Ladies' Aid of the United Church. Personally conducted groups visited Sunny Hawaii at the home of Mrs. Palmer, where beautiful girls in native costumes (Mrs. Bryant and Miss Virginia Ma-shall) served pineapple juice and danced the hula. Next was the manse, where "negro swells and darkey belles" (Mrs. Cochrane, Mrs. Eldred, Mrs. Rice, Mrs. Fleming, Mrs. McLennon, Misses Irene Miller, Nita Adams, Pat's Palmer) sang to banjo music and served hoe-cake and coffee. Then at Mrs. Patrick's, ladies in gorgeous Chinese costumes (Mrs. McLeod, Mrs. "Pat" Wilson, Miss Dorothy Dean) served cake, jasmine tea and Chinese candy. Everyone felt very much at home at Mrs. Oxenborg's, where the sideboard glittered with priceless glass and pewter brought from Sweden and Estonia, and rare lace covered that great Swedish institution, the smorgastbord, with its many dishes of Swedish food. Mrs. Oxenborg was assisted by Mrs. Ost and Mrs. Brown. Those who still had room then went back to the church for cake and coffee.

## Credit Unions Being Studied

Possibilities of Movement Proposed to Queen Charlotte Islands

QUEEN CHARLOTTE, January 25.—Norman MacKenzie of the University of British Columbia extends on a recent visit to the Islands for the purpose of organizing study clubs with a view to starting credit unions.

At a well-attended meeting in Miller's Hall, Queen Charlotte, Mr. MacKenzie gave an outline of the aims and objects of the plan and

reported that these clubs had met with great success in the East. It is, he said, necessary to teach the working man that credit is an expensive luxury.

A meeting was held the next afternoon in Hanson's restaurant when twenty interested would-be members met to discuss further plans for forming a credit union here. Literature pertaining to the movement was read and discussed. It was decided to form three groups and to hold the first of the weekly meetings at the following homes—East end, Charles Valley, central, Andrew Christensen, west end, Charles Hartie. The meeting was set for the evening of January 23.
